The Mental Health & Wellbeing Hub complements existing health services by supporting the recovery of people with new or existing mental health challenges.

**Available services include:**

- wellbeing checks
- emotional support and wellbeing coaching
- someone to talk to who will understand your situation and help locate and link you to services and support
- assistance to manage mental health symptoms and to address life stressors including homelessness, financial difficulties and social isolation
- support to utilise your skills, strengths and resources
- workshops and group activities to build your skills and make connections

Our peer wellbeing workers are available to people seeking support. Many of these people have their own experience of mental health challenges or are caring for someone with mental health issues.

People of all ages with new or existing mental health challenges can utilise services at the Hub.

Services are also available to family members and carers.
