## Letter of Recommendation

To whom it may concern,

Chernivtsi Youth Centre (CYC) is an independent Ukrainian non-governmental institution that acts in the field of youth policies in Ukraine.

With this letter, we would like to express our gratitude to ADASTRA and its team leader, CEO of the think tank Taras Prodaniuk, for fruitful cooperation in preparing quantitative research on charity in Ukraine during the war. The prepared research was constructively meaningful and based on verifiable facts, as well as public surveys and deep interviews with stakeholders.

During our work, the think tank's analysts have proven their professionalism and ability to work with complex topics, such as the recovery of Ukraine. Thus, we confidently recommend ADASTRA as a reliable partner.

Sincerely,

**Oleksandr Huliaiev**  
Head of the Chernivtsi Youth Centre
