

ADDITIONAL MODULES

Valet Parking

SmartValet is your turn-key valet solution for off-site valet parking, valet-assist within a garage and front door hotel applications. SmartValet fully integrates valet parking and self-parking effectively and affordably. SmartValet tracks attendants, vehicles, revenue and overnight hotel guest parking.

LPR Systems

LPR Connect is your value added license plate recognition solution. LPR Connect is reliable, affordable and seamlessly integrates with Smartpark. LPR Connect is an excellent choice for airports, office buildings, shopping malls, mixed-use developments and universities.

Loyalty Programs

TIBA's frequent parker program allows owners to give patrons reward points for utilizing their facility(s). The system is configurable to award points based on elapsed time or dollars spent in the facility. The Loyalty program is web based and is branded with your company information.

Hotel Guest Solutions

HotelConnect is a seamless interface to the hotel property management system (PMS). The hotel authorizes parking at the front desk and insures that the guest is billed. The guest can then enter and exit the facility with their room key. TIBA also functions with the new RFID room keys.

Web Reservations

Pre-paid parking reservations is one of fastest growing programs in the industry. Whether you use a pre-paid service or have your own ecommerce website. TIBA can seamlessly integrate pre-paid web reservations with a single TIBA PARCS system location or an entire city.

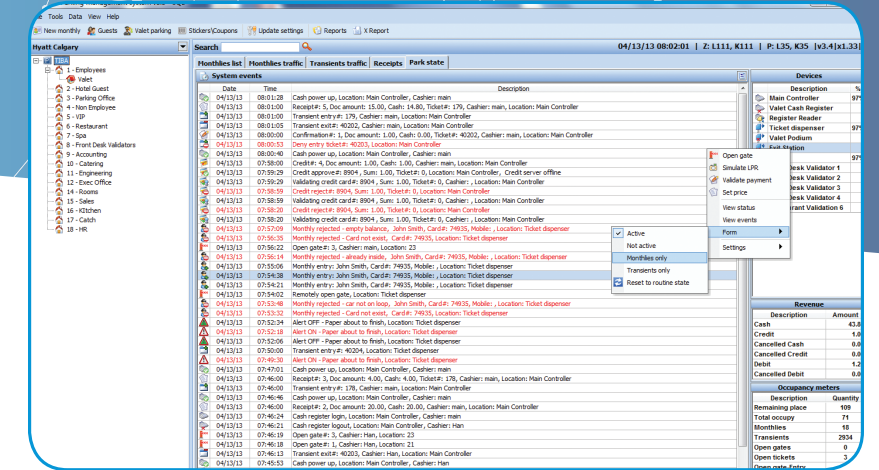

Pay-By-Phone

Metropolitan areas throughout North America are introducing Pay-By-Phone as a payment option for parking fees. TIBA puts this option in the owner's hands to keep up with the competition. Whether it's a pre-paid reservation or a central payment option, TIBA is the smart choice for Pay-By-Phone.

SMARTPARK MANAGEMENT SOFTWARE

TIBA SmartPark incorporates everything that property owners and managers need in a facility management system. SmartPark is reliable, flexible and feature-rich and does not require frequent and costly upgrades to remain operational. The ultra-user-friendly software provides straightforward solutions to operational challenges and can be custom tailored for any type of property: office building, hotel, medical center or a mix-use development. SmartPark is a scalable product from a single facility to an entire city parking system.

MONITORING AND CONTROL

With SmartPark, operators can monitor and control all aspects of their facilities including occupancy, system alarms, VMS signs, equipment status, and lane traffic. They can also open/close barrier gates, restart lane equipment, or even send a new fee to a pay station. Additionally key facility personnel can receive email alerts and/or reports for virtually any system activity.

APPLICATIONS & USES

Mixed usage facilities

Municipal properties

Airports, other transport facilities

Shopping malls

Hotel, Valet, event operations

Residential, commercial complexes

Sport arenas, convention centers

REVENUE MANAGEMENT

SmartPark is your turn-key facility management solution including real time transactions, ticket tracking, occupancy counts, alarm monitoring, parking rate programming, coupons, validations, zone counts, sign controls and much more.

View alarms, revenues transactions, equipment status, cardholder traffic, open tickets and facility occupancy from a single dashboard. See it all locally, on the web and from your smartphone. Validation and coupon management and production is made simple and cost effective with an integrated module that comes standard with SmartPark.

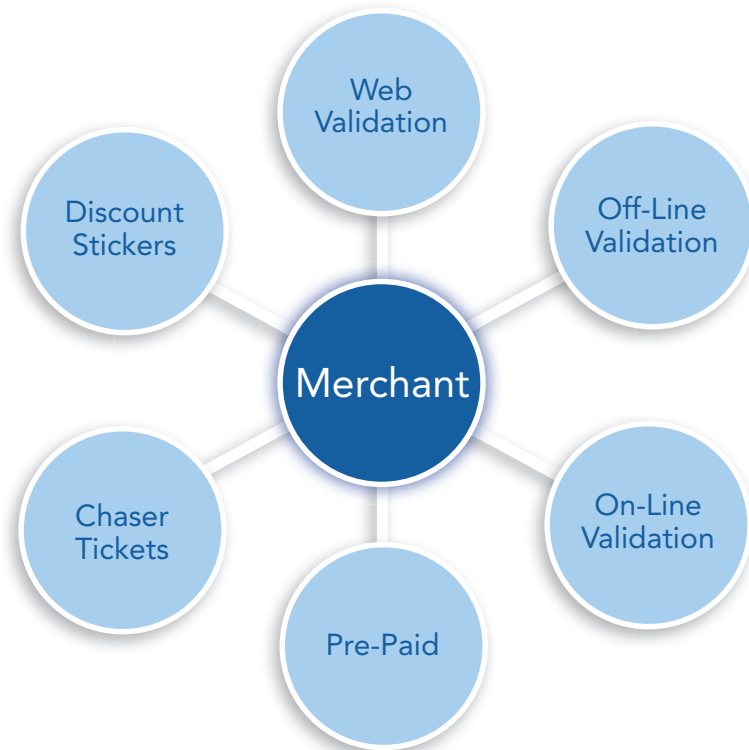

The screenshot shows the TIBA Parking Management System v3.5 - SQL interface. The main window displays a list of receipts with columns for Doc#, Doc type, Date, Time, Cash, Doc amount, Ticket#, Rate, Location, and Cashier. An inset window titled 'Credit details - 43/109/211' shows a payment confirmation for a credit card #8690 for \$25.00. Below this, it shows card details for 42070 and a table of entry and exit transactions.

Payment type	Company	Sub company	Sum
Credit card #8690			25.00

Action	Date and time	Location	Cashier
Entry	04/24/13 18:16:00	Ticket dispenser	
Exit	04/24/13 23:05:55	Exit Station	

VALIDATION SOLUTIONS

TIBA SmartPark offers a wide range of intelligent validation solutions. In SmartPark, merchant accounts and sub-accounts are created in the database. An unlimited amount of merchant accounts can be created in SmartPark. Additionally the validation types are created, i.e. one-hour free, \$1 discount, or percentage discount, are created once and are available and can be utilized by any merchant account. After the validation profiles are created they are available for all applications including; barcode stickers, coupons (chaser tickets), QR codes, online desktop units, self-service units, off-line desktop units and for web client accounts.

ACCESS CONTROL

Parking access today requires a wide range of controls and billing options that provide owners and facility managers the flexible solutions to bring in new business. SmartPark is your enterprise parking access control solution. Whether it's a single, monthly contract account or an entire company, SmartPark provides intuitive access control management. Take advantage of the latest and greatest credential technologies such as LPR, AVI, QR and chip card, the choice is yours. SmartPark supports cardholder payments and value card re-charge at pay-on-foot stations in our standard product.

Standard Features:

- Debit/value card
- Tenant management
- Shared accounts
- Automatic activation
- Corporate accounts

The screenshot shows the 'New monthly' account setup form. It includes fields for First name (John), Last name (Smith), Card# (86341), and ID. Below these are tabs for Monthly details, Personal info, Vehicle details, More settings, and Status info. The Monthly details section includes fields for Parking lot (TIBA), Company (Employees), Sub company (Valet), Job title, Begin date (4/30/2013), End date (12/31/2015), Group (201 - Access profile), and Spot#. There are also fields for Profile, Type (Standard), Price table (Prox Rate - 8), Purse balance (345.00), Month price (400.00), Current balance (0), and Add units (0). Checkboxes for 'No loop check', 'Return card', 'Pay on exit', and 'Without APB' are also present.

REPORTING

SmartPark provides a full complement of reports for all aspects of your facility including transient, monthly, valet, hotel, pre-paid and event activity. TIBA SmartPark provides real-time revenue reporting on a local and enterprise scale. Additionally SmartPark tracks hourly occupancy, entry/exit statistics, transient transactions and contract activity. All reports can be exported to excel, word, PDF, text files and other formats.
