

YOVZA

Construction ***Simplified***

ALL RIGHTS RESERVED, YOVZA TECHNOLOGIES FZ-LLC

What is Yovza?

Yovza is a Construction Technology firm based out from UAE, that helps construction companies from the UAE region digitize their approval workflows (from Request for inspection to Inspection Request, from Purchase Request to Procurement, from approvals to submittals) by connecting all key stakeholders (from engineering consultants to Main-contractors, from Subcontractors to Material Suppliers) under a simple and single platform to manage the construction projects remotely.

Our Belief

Our Mission

To enable the construction industry by providing green and affordable tech solutions, that revolutionize the way structures are built.

Our Vision

To help create the world's greatest buildings, by re-sustaining nature technology.

What is #YouAreNotAlone

COVID 19 has left a devastating effects in all most all the industries, construction being one of them. Construction is one such Industry which never stopped working because we are important for economy of the country.

During these times of uncertainty, where the entire world is falling apart, where every new morning started looking like a liability, where every other company who once thrived now struggling to make their ends meet, employees are being retrenched, many departments are being closed. No one is really able to predict how tomorrow would look like, expect hoping for the best.

We at yovza want your company to survive these times of uncertainty & we believe that together we could fight COVID 19 much more stronger than being alone, that's why we have come up with an initiative called #YouAreNotAlone, via which we are pulling all the forces from every corner of the region within construction industry to join us in this fight against COVID19 by becoming part of an Exclusive Digital Construction Community

Ok, Who all are expected to be in there?

We have started this initiative to support the companies within the construction industry in the UAE region who are from the below segments:

- Engineering Consultants
- Main-Contractors
- Subcontractors
- Material Suppliers

[Click Here](#), For more detailed information on basis of trade licence activity of each segment

Got it, What will I gain from this?

By becoming a part of this exclusive community you can expect the below benefits:

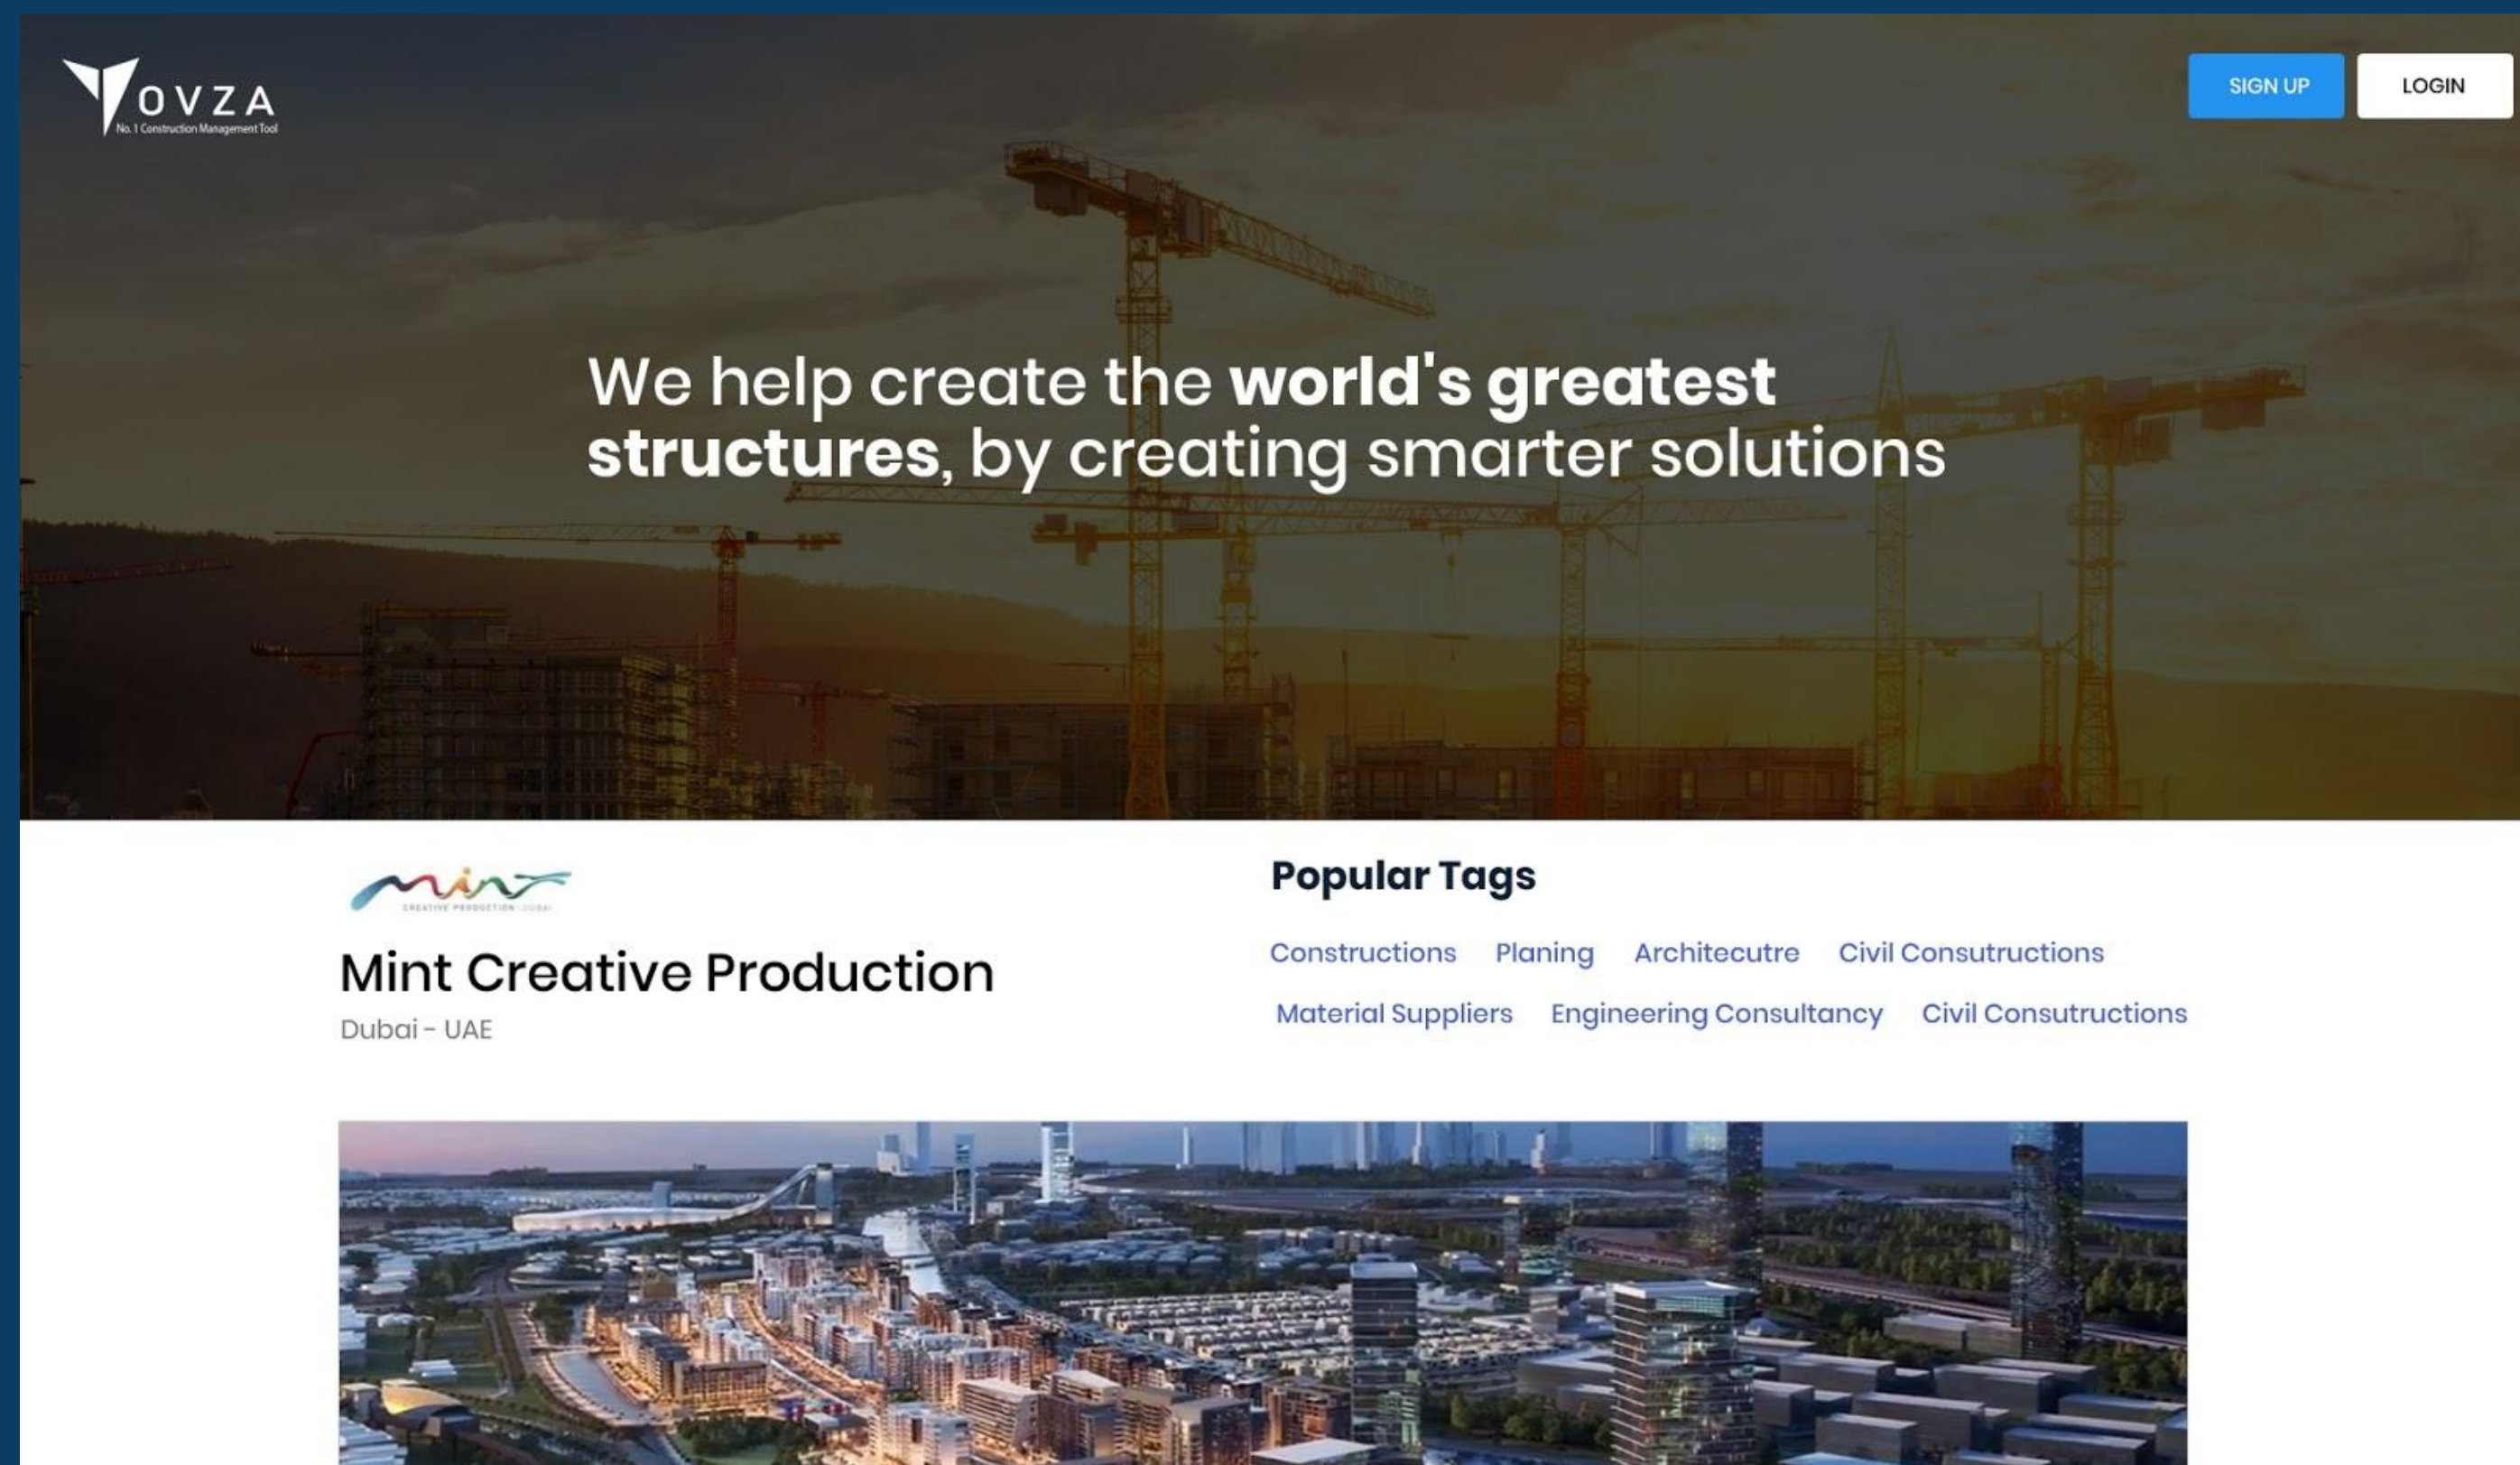

- Build and Increase your Digital Brand by completing your digital company profile
- Gain Access to active projects from the region
- Show your interest for participating in any of the active projects as applicable for your company
- Post the projects for which you are looking for contractors / suppliers
- Reach all your contractors and suppliers by a push of a button
- Get a chance to get connected to Local Investors looking for your services directly
- One Year of Small Team Subscription of Yovza workflow management platform completely free of cost

Who all are there already?

[Click here](#) to see the list of companies already joined the forces since our start

How will my company profile look like?

We have made sure that we include all the possible details in to your digital profile which could easily reflect your legacy and the quality of the projects which you have carried out. But the profile would be completely flexible and customizable to withstand your brand

Who all are behind this?

Madan Kumar
Founder & CEO

Maya Acra
CCO

Naga Kiran
CTO

A team is only as strong as his leader is. Our founder, a Construction Engineer himself, has been handling construction projects worth millions of dollars for more than a decade. Saw his industry going through a lot of hustle, costing both time & money and most importantly destroying the planet. He decided to solve for this and started Yovza. Along with him is **Maya Acra & Naga Kiran**, Seasoned entrepreneurs having more than 10 years of experience in Business & Software Development.

We are first and foremost a team. We are united by our values, future pioneers, leaders, and free-thinking individuals

How much does it cost me?

The main motive behind this initiative is to help the industry however we could and not to make money out of this. Hence, in order to maintain the quality of the community and keep it self sustainable. We have worked out a reasonable one time investment of just \$1188.00 /-

Ok Cool, What next? How do I Register?

You can register your company by clicking below button. Once the application is completed, one of our executive would get in touch with you to help you complete your Digital Profile within 3 working days.
