

WE MAKE IT EASIER.

Quality Millwork Done RIGHT and Done ON-TIME

Looking for a reliable fabrication partner? Let's collaborate—connect with us today!

WHO WE ARE

CAM Millwork's tight-knit team uses its extensive knowledge, experience and craftsmanship to produce unmatched-quality custom commercial laminated casegoods. Based in Easton, PA, only 75 miles away from NYC and Philadelphia, this 45-year-plus, family-run business's mission is to effectively serve our clients by providing the best value and efficiency for projects large and small.

INDUSTRIES SERVED

We serve a multitude of clients across a wide variety of industries, including:

Retail

Commercial

Financial

Medical

Government

Schools

Recently completed projects include major hospitals in New York City and Philadelphia, as well as production for a national bank on Wall Street and other high-profile users.

CAPABILITIES & OFFERINGS

We're a merit shop with a range of capabilities and offerings, including:

- **Architectural drawing utilization** to custom build, making it easier for your installers; built by installers for installers
- Leveraging state of the art equipment to produce **casegoods, high-pressure laminated panels** and providing our clients with individualized solutions to your needs,
- Real wood veneers or name brand laminates
- Beam saw and (3) CNCs allow for high volume output and provide you with **precision parts cut to your specifications, or fully assembled units as required** for your project
- Premium-grade quality cabinetry built to, or exceeds, **AWI Standards**
- **Consultation and estimating** down to engineering, drafting, project management, and fabrication
- Lamination services with **quick turnaround**
