I am an enthusiastic, loyal and creative person. I am a team player, always there to support my colleagues, I like to keep things organised and don't shy away from taking the lead. As a social and interaction designer, I am empathetic and believe in working with and for people. I aim to develop my (designer) self further by working on social and collaborative projects that involve the users throughout the process.

## EDUCATION

2014-2018 BSc (4y), Industrial Design and Product Development Engineering  
University of Mondragon

2017-2018 Innovation Sciences (Erasmus semester)
