

# CHAMPAGNE ODYSSÉE

## Avize Le Levant

*The Odysée begins in Avize, a journey to better understand the rich diversity of its identities.*

*Le Levant embodies the sunlit soul of the southern slopes. On the lower and mid-hillside parcels, the grapes ripen earlier, revealing the singular personality of these early-harvested lieux-dits.*

*The result is a luminous, generous Champagne, with a round and embracing character.*

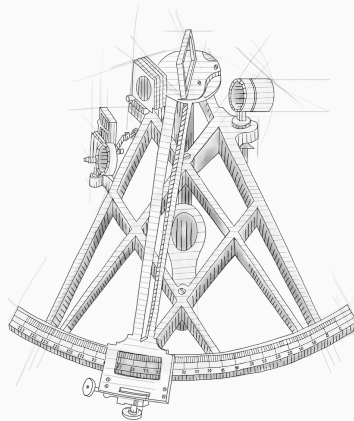

*The palate is broad and textured, unfolding into a persistent, refreshing finish with a hint of menthol, a signature that extends the journey.*
