ABOVE & BEYOND

Ever since the first Land Rover vehicle was conceived in 1947, we have built vehicles that challenge what is possible. These in turn have challenged their owners to explore new territories and conquer difficult terrains. Our vehicles epitomise the values of the designers and engineers who have created them. Each one instilled with iconic British design cues, delivering capability with composure. Which is how we continue to break new ground, defy conventions and encourage each other to go further. Land Rover truly enables you to make more of your world, to go above and beyond.

DISCOVERY SPORT COMBINES
DESIGN EXCELLENCE, ENGINEERING
INTEGRITY AND EXCEPTIONAL
VERSATILITY TO CREATE A PREMIUM
COMPACT SUV.

Gerry McGovern.
Land Rover Design Director and Chief Creative Officer.

YOUR PEACE OF MIND

	87
--	----

DESIGN

EXTERIOR

This is a modern, relevant and compelling vehicle, with its well-proportioned compact body and purposeful stance. Its distinctive silhouette and beautifully sculpted surfaces all combine to create a vehicle that truly connects on an emotional level.

Discovery Sport is ready for anything. Characteristic design cues complement perfectly balanced proportions. Strong dynamic lines and robust detailing signal Discovery Sport's incredible breadth of capability.

Signature features include a clamshell bonnet and distinctive two-bar grille with hexagonal mesh.

The fast bonnet line with a pronounced step into the rising beltline conveys a dramatic stance, whilst the roof tapers subtly downwards, adding extra dynamism.

INTERIOR

The desirability of the exterior design continues into the cabin with bold horizontal and vertical lines, complemented by clean surfaces, superb finishes and optional premium leathers that give a luxury feel to the highly versatile interior. Inside and outside seamlessly blend into a vehicle that clearly communicates its Discovery DNA, whilst firmly looking forward. This spirit of adventure is reflected in Discovery Sport's interior, which has been designed with you at its core. It features high-quality materials and a strong vertical centre console design to reflect the premium exterior.

The cabin is equipped with up to four 12V power points and six USB charging sockets. These can be specified for all three rows of seating, allowing multiple electronic devices to be charged simultaneously.

COMMAND DRIVING POSITION

The Command Driving Position in Discovery Sport ensures a greater view of the road ahead, so all terrains can be tackled with confidence.

Interior shown left and above is HSE Luxury in Glacier/Lunar.
Vehicle shown above right is HSE Luxury in Scotia Grey.

5+2 SEATING

Discovery Sport offers exemplary levels of comfort and outstanding versatility. The second row is extremely spacious and flexible with the seats able to slide back and forth by 160mm for greater loadspace or comfort*.

The third row, with its simple, single-handed 50:50 deployment, has been cleverly incorporated to avoid any compromises to the vehicle's exterior design, whilst maintaining passenger comfort.

By folding down the third row, a flat loadspace is available for whenever you need it. So wherever you're seated, or whatever you want to carry, you can relax.

LEGROOM

839mm

MORE LEGROOM

999mm

LOADSPACE

1,887mm

*Where 60:40 second row seats with slide and recline is specified.
Interior shown left is HSE Luxury in Glacier/Lunar.

LOADSPACE CAPACITY

Deceptively roomy. Cleverly configured. Discovery Sport has been designed and engineered to meet any challenge.

The vehicle has the option of flexible seating which, when stored flat, gives a load floor that is as long as Range Rover and a maximum loadspace of 1,698 litres.

Even whilst carrying five passengers, the loadspace is still an impressive 981 litres. Discovery Sport can handle bulkier loads with consummate ease when the second and third rows are folded flat. Such flexibility helps make carrying family, friends and all their gear that much easier.

DYNAMIC DESIGN PACK

EXTERIOR

The Discovery Sport Dynamic Design Pack delivers a more assertive stance whilst retaining the instantly recognisable design cues of Discovery Sport. Yet, when it comes to capability and versatility, nothing has been lost.

However, in terms of dynamism and appeal, much has been gained. The vehicle's bold front and rear design with contoured side mouldings form a dramatic presence. This has been augmented with a Black mesh design for the front grille and side vent. Distinctive Chrome exhaust finishers*, together with a Red SPORT badge, further enhance the appearance.

*Chrome exhaust finishers only fitted on diesel engines. Petrol engines fitted with a Silver painted finisher.

Vehicle shown right is HSE Luxury with Dynamic Design Pack in Firenze Red.

INTERIOR

Carefully selected sporting touches enhance the interior of the Dynamic Design Pack. A choice of three colourways helps to create a vehicle with exemplary levels of finish, available in perforated grained leather on SE and perforated Windsor leather on HSE and HSE Luxury. The interior is further enhanced with a perforated leather sport steering wheel, contrast micropiping on the seats and headrests, and a unique textured finish to the door inserts and fascia mid-section.

The mood is augmented with either Dark Grey or Carmine Red Brushed Aluminium centre stack side rails, depending on the colourway selected. The HSE and HSE Luxury interiors are also complemented with aluminium sport pedals.

Interior shown left and above is HSE Luxury with Dynamic Design Pack in Ebony/Ebony with Pimento stitching and piping.
Interior shown with Carmine Red Brushed Aluminium centre stack side rails and accessory gearshift paddles.

DRIVING TECHNOLOGY

TESTING

Before any vehicle can carry the Land Rover badge, it must complete a series of rigorous tests to establish the very highest levels of luxury, performance and capability.

SUSPENSION

You're unlikely to push any Land Rover harder than we have. For an unrivalled breadth of dynamic capability, both on and off-road, the vehicles have been exposed to ten years of the most extreme driving pressures in a fraction of the time using our state-of-the-art test rig.

WIND SPEED

Discovery Sport was developed in state-of-the-art wind tunnels and a suite of climatic chambers to recreate some of the most challenging aerodynamic conditions it will face. Only by pushing all systems to their limits do we develop true reliability.

HOT AND COLD CLIMATE

In real-world environments and our climate chambers, we freeze vehicles to -40°C and bake them to 50°C. Key functions and systems are then scrutinised to our exacting standards. So even in the most remote locations, comfort and peace of mind are never far away.

OFF-ROAD

From the icy proving grounds of Arjeplog, Sweden, to Dubai's unforgiving desert sands, we ensure our legendary all-terrain performance is innate in every vehicle. Prototypes are developed across approximately 8,500km of the most demanding off-road routes.

SEMI-ANECHOIC CHAMBER

In the 'neutral sound' of our semi-anechoic chamber, we precisely expose the cabin to a range of frequencies and vibrations, making certain that Discovery Sport sounds refined at every speed and across every surface.

MONSOON

Our water testing facilities ensure each vehicle can enter and exit a body of water without a single droplet entering the cabin. In the monsoon simulator each one is drenched with some 85,000 litres of specially dyed water, while tilting it by as much as 45°, checking for even the slightest leak with UV lights.

TERRAIN RESPONSE

Land Rover has always been synonymous with capability, and Discovery Sport lives up to even the most demanding expectations. Confident and responsive, the drive is further enhanced by a generous wheel articulation and innovative off-road technologies such as Terrain Response.

This feature is standard on all AWD vehicles and adapts to the responses of the vehicle's engine, transmission, differentials and chassis systems to maximise driveability, comfort and traction.

There are four standard Terrain Response settings: General Driving, Grass/Gravel/Snow, Mud & Ruts and Sand. So, the vehicle feels sure-footed no matter what the terrain or weather conditions.

An optional fifth setting, **Adaptive Dynamics**, is also available*. This mode tunes the suspension to deliver even tighter body control with flatter handling and sharper responses.

Adaptive Dynamics

General Driving

Grass, Gravel, Snow

Mud & Ruts

Sand

*Not available with eD4 or TD4 150PS engines.

Standard and optional features may differ depending on market availability. Please contact your nearest Land Rover Retailer for more information.

Vehicle shown right is HSE Luxury in Scotia Grey.

ALL TERRAIN PROGRESS CONTROL

All Terrain Progress Control (ATPC) is a state-of-the-art system that enables drivers to set and maintain a steady speed in challenging conditions. The system is fitted as standard on SD4 and Si4 engines*. It is an optional extra on TD4 180PS engines when specified with Automatic Transmission and Cruise Control.

Operating like a Cruise Control system, it functions at very low speeds between 1.8km/h (1mph) and 30km/h (18mph), helping the driver to maintain full concentration on steering and finding a path through obstacles.

In addition, the system enables the vehicle to pull away smoothly and easily, even on tricky low-friction surfaces like ice, snow or wet grass.

Developed by Land Rover's industry-leading all-terrain specialists, it works seamlessly alongside the standard **Terrain Response** and All Wheel Drive (AWD) traction and braking systems.

Once ATPC is activated, the standard steering wheel +/- Cruise Control buttons are used to set the speed. Brake and accelerator pedals can still override the chosen settings.

*Optional on Si4 240PS Pure models.

Standard and optional features may differ depending on market availability. Please contact your nearest Land Rover Retailer for more information.

Vehicle shown left is HSE Luxury in Scotia Grey.

HILL DESCENT CONTROL

Land Rover's patented Hill Descent Control (HDC) is a standard feature on all All Wheel Drive (AWD) vehicles. It assists the driver with controlled descents of difficult slopes by maintaining a constant speed and applying braking separately to each wheel.

Hill Start Assist ensures the vehicle doesn't roll backwards as it pulls away on an incline.

The vehicle also utilises **Gradient Release Control (GRC)** which is designed to prevent the vehicle accelerating too quickly on a steep incline when the driver releases the brake.

WADE SENSING

With a wading depth of up to 600mm, whether crossing streams, fords or flooded areas, the optional Wade Sensing feature can prove invaluable.

Unique to Land Rover, sensors located in the door mirrors give the driver pictorial real-time information about the water's depth in relation to the vehicle, as well as maximum wading capability via the Touchscreen.

Touchscreen shown is 10" Touch Pro.
Standard and optional features may differ depending on market availability.
Please contact your nearest Land Rover Retailer for more information.
Vehicle shown left is HSE Luxury in Scotia Grey.

ADAPTIVE DYNAMICS

Optional Adaptive Dynamics with advanced MagneRide™ monitors vehicle movements at least 1,000 times per second, reacting to driver or road inputs instantaneously to give greater control and minimise body lean, providing a balanced, flat ride. Available on all TD4 180PS, SD4 and Si4 engines, the system will even sense off-road conditions and optimise the advanced MagneRide™ damper settings accordingly, delivering the perfect balance of agile handling and a supple, controlled ride.

- 1 UNADJUSTED LATERAL BODY LEAN
- 2 CORRECTED LATERAL BODY LEAN

TORQUE VECTORING

When cornering, the vehicle's agility and stability are enhanced by the Torque Vectoring by Braking system. This feature comes as standard on all All Wheel Drive (AWD) vehicles. Monitoring the vehicle, the system constantly balances the distribution of torque between all the wheels to improve grip and steering whether on or off-road.

- A UNDERSTEER DETECTED
- B FULL TORQUE TO OUTER WHEELS
- C BRAKING FORCE TO INNER WHEELS
- D LINE CORRECTED

ACTIVE DRIVELINE

Optional on Si4 290PS engine and standard on the SD4 engine, Active Driveline delivers benefits in both on and off-road situations. In many on-road driving conditions, the system is able to disconnect drive to the rear of the vehicle, providing maximum Front Wheel Drive (FWD) fuel economy. A sophisticated control strategy continuously monitors key vehicle and environmental parameters.

If the requirements for AWD are met, the system seamlessly and imperceptibly reconnects drive to the rear of the vehicle within 300 milliseconds. When off-road driving, torque to each rear wheel can be varied according to the available grip. A dedicated display on the Touchscreen relays detailed information, so you always feel in control.

- 3 FRONT WHEEL DRIVE (FWD)
- 4 ALL WHEEL DRIVE (AWD) ACTIVATED

MagneRide™ is a registered trademark of BWI Company Limited S.A.
Standard and optional features may differ depending on market availability. Please contact your nearest Land Rover Retailer for more information.
Vehicle shown left and above is HSE Luxury with Dynamic Design Pack in Firenze Red.
Vehicle shown above right is HSE Luxury in Scotia Grey.

TOWING AIDS

With a towing capacity of up to 2,200kg, and by incorporating tailored technologies, Discovery Sport can handle the most demanding of tasks.

ELECTRICALLY DEPLOYABLE TOW BAR

The optional electrically deployable tow bar is stowed discreetly behind the bumper, providing a clean and attractive finish. Approved for up to 2,200kg trailer load.

DETACHABLE TOW BAR

Convenient and easy to use, the optional detachable tow bar maintains the vehicle's exterior design when removed or when stowed.

REAR CAMERA

Providing improved visibility when reversing, the Rear Camera is a valuable parking aid and offers help when hitching a trailer.

Tow Hitch Assist makes coupling a trailer to the vehicle much easier by helping you visualise the hitching process; it displays the predicted path of the vehicle towards the tow bar on the Touchscreen. Standard with Rear Camera.

TRAILER STABILITY ASSIST

Trailer Stability Assist monitors the vehicle to detect movements in the trailer and then uses selective braking to help correct potentially hazardous situations.

360° SURROUND CAMERA

As part of the 360° Surround Camera, the Tow Assist feature helps with reversing by predicting the trailer's direction. You can even input your trailer's width for precise guidelines displayed on the Touchscreen.

Towing regulations vary by market. Please ensure you comply with relevant legislation in your country.

Touchscreen shown is 10" Touch Pro.

Standard and optional features may differ depending on market availability. Please contact your nearest Land Rover Retailer for more information.

Vehicle shown left and above is HSE Luxury in Scotia Grey.

TECHNOLOGY

INFOTAINMENT

InControl is our suite of advanced technologies that links both you and your Discovery Sport to the wider world. Choose from two infotainment systems: Touch or Touch Pro, which can be further enhanced by adding their respective connectivity packages, Connect and Connect Pro.

HEAD-UP DISPLAY

Head-up Display is a technology option that presents key vehicle data such as vehicle speed, gear position and navigation directions¹ on the windscreen, without the need for the driver to take their eyes off the road.

This innovative laser system is more robust against issues such as 'washout' – the effect that the glare from sunlight has on inferior LED-based systems. The feature can be turned on and off dependent upon driver preference. Available as an option as part of the Head-up Display Pack.

¹Requires Navigation or Navigation Pro.

Get your life InControl at landrover.com/incontrol

Remote Premium contains subscription services that can be extended after the initial term advised by your Land Rover Retailer. InControl features, options and their availability remain market dependent – check with your Land Rover Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

TOUCH

STANDARD ON PURE, SE, LANDMARK EDITION, HSE AND HSE LUXURY MODELS

- 8" Touchscreen
- Land Rover Sound System (Standard on Pure models only)
- Land Rover Enhanced Sound System (Standard on SE and Landmark Edition and optional on Pure models)
- Meridian™ Sound System (Standard on HSE and HSE Luxury and optional on SE and Landmark Edition)
- **Protect** consists of SOS Emergency Call, Land Rover Optimised Assistance and Remote Essentials smartphone app.

OPTIONAL

- Navigation including Voice Recognition (Standard on SE, Landmark Edition, HSE and HSE Luxury and optional on Pure models)
- Digital Audio Broadcast (DAB) radio
- **Secure Tracker** provides stolen vehicle tracking by detecting any unauthorised movement of your vehicle
- **InControl Apps** features a range of Land Rover approved apps that can be connected to Discovery Sport from your smartphone, to enhance aspects of your in-car experience
- **Traffic Sign Recognition**¹ (Standard on HSE Luxury model)
- **Connect**⁴ takes your vehicle's connectivity to the next level including:
 - InControl Apps
 - Remote Premium is a multi-function app that allows you to monitor and interact with your vehicle remotely through your smartphone, making life easier and more connected
 - Wi-Fi Hotspot.

TOUCH PRO

AVAILABLE AS AN OPTION ON SE, LANDMARK EDITION, HSE AND HSE LUXURY MODELS

- 10" Touch Pro
- Meridian™ Surround Sound System²
- Navigation Pro² including Voice Recognition
- CD/DVD player
- **Pro Services** including Wi-Fi Hotspot³, Route Planner App, Share ETA, Live Services, Commute Mode, Arrival Mode and Arrival Mode Parking
- **Protect** (Standard on all models).

OPTIONAL

- Digital Audio Broadcast (DAB) radio
- 10" Touch Pro Dual View
- Digital TV
- Rear Seat Entertainment (Optional on HSE and HSE Luxury models)
- **Secure Tracker**⁵
- **InControl Apps**
- **Traffic Sign Recognition**¹ (Standard on HSE Luxury model)
- **Connect Pro**⁴ gives you the very highest level in connectivity and convenience. Features include:
 - InControl Apps
 - Remote Premium
 - Pro Services and Wi-Fi Hotspot.

²Only available as part of the Entertainment Packs. ³Only available as part of the Connect Pro Pack. ⁴Online functionality and Wi-Fi connectivity is dependent on the installation of a micro SIM with a suitable data contract. ⁵Secure Tracker is a subscription service that can be extended after the initial term advised by your Land Rover Retailer. Standard and optional features may differ depending on market availability. Please contact your nearest Land Rover Retailer for more information. Vehicle shown left is HSE Luxury in Yulong White.

AUDIO

For the sharpest sound quality, Discovery Sport offers you the choice of four exceptional audio systems. With 6 speakers, the Land Rover Sound System in Discovery Sport Pure delivers a crisp, well-balanced sound. A 10 speaker system is also available, adding further depth and clarity.

Added to which, Land Rover has partnered with Meridian™, a world leader in high-performance audio technologies and digital sound processing, to develop advanced audio systems for Discovery Sport.

Dynamic Volume Control technology has been integrated on all Meridian sound systems, to ensure that any unwanted noise detected in the cabin will be smoothly and automatically balanced out.

The Meridian™ Sound System 380W includes 10 speakers and a dual channel subwoofer, delivering exceptional definition, crystal clear highs and full, deep bass through the careful arrangement of speakers.

Discovery Sport also offers an upgrade from the 380W system to the Meridian Surround Sound System, which produces 825W through 16 speakers and a dual channel subwoofer.

This system also includes Meridian Trifield™ technology. This technology delivers the very best in world-class audio reproduction, bringing you closer to the original performance – regardless of your position in the vehicle, everyone will feel and hear pure musical enjoyment.

Meridian is a registered trademark of Meridian Audio Ltd.
Trifield and the "three fields" device is a trademark of Trifield Productions Ltd.
Standard and optional features may differ depending on market availability.
Please contact your nearest Land Rover Retailer for more information.

MERIDIAN™ SURROUND SOUND SYSTEM

 825 WATTS

 16 SPEAKERS

 SUBWOOFER

CONNECTIVITY

Touch and Touch Pro provide a wealth of information and entertainment. This intuitive InControl technology can help you find a parking space, stream your favourite music and even help you with the recovery of a stolen vehicle. Making life more rewarding, hassle-free and enjoyable.

PLANNING ROUTES

Before setting off, use the **Route Planner¹** app or online portal to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle's navigation screen.

STAYING CONNECTED

Before you get into your vehicle, set your ideal cabin temperature with the **Remote Premium** app on smartphones and the Apple Watch. On the road, the in-car **Wi-Fi Hotspot¹** provides a stable Internet connection and lets you connect up to eight devices.

STAYING FOCUSED

Our Touch Pro **Voice Recognition** system understands normal spoken instructions. So you can concentrate on the road ahead without any distractions. Only available with Touch Pro.

FINDING PARKING

When you near your destination, **Navigation Pro¹** will suggest nearby parking from a database including space availability. With just one click, the car park is added and your route is updated. **Arrival Mode Parking** shows a 360° street level image to help you identify your destination.

Get your life InControl at landrover.com/incontrol

Standard and optional features may differ depending on market availability. Please contact your nearest Land Rover Retailer for more information.

Remote contains subscription services that can be extended after the initial term advised by your Land Rover Retailer. InControl features, options and their availability remain market dependent – check with your Land Rover Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

MOVING FASTER

Touch Pro brings you more processing power, thanks to a quad core processor plus an integrated Ethernet network.

Customisable homescreens let you arrange the screen, as you like, with up to four personalised homescreens and over 60 shortcuts.

INTELLIGENT ROUTING

Commute Mode¹ allows the system to learn your commutes and automatically advises you of the expected journey time based on live and historical traffic movements without having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest.

SHARING PROGRESS

Share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you're running late, **Share ETA**¹ can then send automatic updates via text or email, without any further action from you.

DOOR-TO-DOOR

Once you've parked, the **Route Planner**¹ app will guide you to your destination – a true door-to-door experience which includes public transport options. Only available with the Entertainment Packs. The **Remote Premium** app also lets you check your vehicle to make sure you've locked and secured all doors and windows.

STOLEN VEHICLE TRACKING

With **Secure Tracker**², if your vehicle is broken into, a silent alarm is triggered alerting the relevant authorities. Your vehicle can then be tracked until it is recovered.

HELP IS ALWAYS AT HAND

With **Protect**, in the event of an incident, SOS Emergency Call³ will automatically connect you to the emergency response team who will send the emergency services to your location. Otherwise, you can call them manually via an in-car button. You can also summon a Land Rover Optimised Assistance operator should you need technical assistance.

¹Online functionality and Wi-Fi connectivity is dependent on the installation of a micro SIM with a suitable data contract.

²Secure Tracker is a subscription service that can be extended after the initial term advised by your Land Rover Retailer.

³For peace of mind, this service is provided for the first ten years from date of registration.

DRIVER ASSISTANCE

DRIVING AIDS

LANE KEEP ASSIST AND DRIVER CONDITION MONITOR

Lane Keep Assist detects when your vehicle is unintentionally drifting out of your lane, and applies a corrective torque to the steering wheel, encouraging you to guide your vehicle back. Driver Condition Monitor detects if you're starting to feel drowsy and gives you an early warning when you need to take a break.

ADAPTIVE CRUISE CONTROL WITH QUEUE ASSIST

When you're cruising on the motorway or travelling in slow-moving traffic, this system will keep your vehicle a safe distance from the one in front should it slow or stop. Should the vehicle in front stop completely, your vehicle will come to a smooth halt. Once the traffic moves, simply touch the accelerator and Adaptive Cruise Control will resume following the car in front. The system operates from 16km/h (10mph) up to motorway speeds.

AUTONOMOUS EMERGENCY BRAKING

If a potential frontal collision is detected, this system displays a forward alert, giving you time to take action. A camera at the front of the vehicle monitors at speeds from 5km/h (3mph) to 80km/h (50mph) for frontal collisions. If a collision is still anticipated and you have taken no action, this system will apply the brakes to help reduce the severity of the possible impact.

BLIND SPOT MONITOR AND REVERSE TRAFFIC DETECTION

Blind Spot Monitor alerts you to vehicles in, or quickly approaching your blind spot, through a small warning light in the corresponding door mirror. Reverse Traffic Detection warns you of hazards approaching from either side of your vehicle, through both audible and visual warnings so you know what's behind you even when the view is obstructed.

PARKING AIDS

PARK ASSIST

Our Park Assist system makes parallel and perpendicular parking easier than ever by steering your vehicle into a suitable space. You just have to select the appropriate gear and control the vehicle's speed with the brake and accelerator pedals. Graphics and notifications guide you through the manoeuvres. Park Assist can also steer you out of a parallel parking space, taking all the stress out of parking.

REAR CAMERA

To make parking in tight spots simpler, static lines to represent the vehicle's outer perimeter and predicted path are superimposed on the rearward image displayed on your Touchscreen.

360° SURROUND CAMERA

Using four digital cameras discreetly placed around the vehicle, the system provides an almost complete 360° view, including a bird's-eye overhead view via the Touchscreen. This helps with various manoeuvres from parking by a kerb, to getting in and out of tight spaces and junctions.

HOMELINK®

The HomeLink® System is a universal transmitter fitted to the underside of the interior rear view mirror. This transmitter can be programmed to operate up to three home or office wireless controlled systems, such as garage doors, automatic gates, or security lighting. By replacing the individual remote control units normally required for each system, the driver no longer needs to search the car interior for the correct handset when needed.

COMFORT FOR ALL

SEATING

Heated front seats are available on all models and, for added comfort, vehicles can also be specified with heated second row seats.

For the ultimate comfort whatever the temperature, heated and cooled front seats provide ventilation through small holes in the perforated grained leather and perforated Windsor leather seats, dependent on model specification. The driver and passenger preferences can be independently controlled via the Touchscreen.

TIMED CLIMATE

Timed Climate has an added Park Heat facility. This pre-heats the engine, channelling residual heat into the cabin, so the vehicle is warm and comfortable by the time the driver leaves the house.

Likewise, in hot weather you can cool down the cabin temperature. It can be activated remotely for extra ease and convenience, or pre-programmed through the Touchscreen to ensure it's ready for your regular morning departure time.

CONFIGURABLE AMBIENT INTERIOR LIGHTING

New levels of ambient refinement and personalisation have been reached with Configurable Ambient Interior Lighting.

This feature allows you to vary the colour and shade, changing the ambience of the cabin to suit your mood. There are five colours in total, ranging from Ice White through to Moonlight and Racing Red.

PANORAMIC ROOF

The full glass fixed panoramic roof enhances the sense of space in the vehicle's interior and floods it with natural light, as well as providing uninterrupted views of the surrounding environment.

Importantly, the toughened glass has a dark tint to maintain a comfortable temperature inside the cabin and protect occupants and the interior from the sun's rays. A full-sized, powered interior blind is also provided for those who may prefer a more private experience.

Standard and optional features may differ depending on market availability. Please contact your nearest Land Rover Retailer for more information.

Touchscreens shown are 10" Touch Pro.

Interior shown right is HSE Luxury in Glacier/Lunar.

REAR SEAT ENTERTAINMENT

Rear Seat Entertainment features two 8" screens built into the front headrests, two pairs of WhiteFire® digital headphones, one USB port in the second row and a dedicated remote control. With your choice of film, television, music or games console, you can feel truly at home.

DIGITAL TV

Digital TV* channels can be watched on the rear screens and high-resolution 10" Touchscreen.

10" TOUCH PRO DUAL VIEW

The Dual View system allows the driver and passenger to view completely independent display content on the 10" Touchscreen. For example, the driver can use the satellite navigation system, while the front seat passenger is able to watch a DVD or TV, where fitted. One set of WhiteFire® digital wireless headphones is included.

POWERED GESTURE TAILGATE

Powered gesture tailgate allows you to operate the tailgate (both to open and close) from outside the vehicle without needing to physically touch the vehicle or the smart key.

Provided that the smart key is detected, the tailgate may be operated by a kicking gesture underneath the rear of the vehicle.

Two sensors mounted on either side of the tailgate allow kerbside operation, rather than needing to be immediately behind the vehicle. And as the system is compatible with towing solutions, you can still open and close the tailgate with the least amount of fuss.

Additionally, a button located inside the tailgate or on the smart key allows the tailgate to be closed automatically with powered tailgate.

USB CHARGING POINTS

Want to charge a games console, tablet or smartphone whilst you're on the move? Discovery Sport has the option of six USB charging ports throughout all rows, to make charging your devices effortlessly simple.

*Whilst Land Rover continues to work closely with its partners to develop TV standards worldwide, we cannot guarantee the TV feature in all countries at all times.

WhiteFire® is a registered trademark of Unwired Technology LLC and any use of such marks by Land Rover is under licence. Standard and optional features may differ depending on market availability. Please contact your nearest Land Rover Retailer for more information.

Vehicle shown top right is Landmark Edition in Yulong White. Interior shown left and bottom right is HSE Luxury in Glacier/Lunar.

ENGINES

9-SPEED AUTOMATIC TRANSMISSION

The lightweight, compact 9-speed Automatic Transmission provides optimum fuel economy and CO₂ emissions, as well as greater control in low-grip conditions or when towing through the specially designed, ultra-low first gear.

The transmission is specifically designed for transverse applications, and is one of the most efficient and technically advanced ever used in a production vehicle. Two patented dog clutches replace the bulkier conventional set-up, allowing small ratio steps to give better response during acceleration, plus improved shift quality, drive and refinement.

The higher top gear not only reduces fuel consumption but the lower engine revs improve comfort and reduce noise when cruising at a sustained speed. The 9-speed Automatic Transmission is extremely robust and perfectly complements Land Rover's rugged all-terrain ability whilst delivering exceptionally high levels of refinement and efficiency.

Vehicle shown left is HSE Luxury in Scotia Grey.

INGENIUM DIESEL ENGINES

Land Rover’s commitment to sustainability is manifest in its current range of vehicles, utilising a wide range of innovative and efficient technologies including intelligent Stop/Start and Brake Energy Regeneration. Discovery Sport’s latest engine range is just the latest testament of innovation to provide further efficiency whilst not compromising on capability.

The FWD Ingenium 2.0 litre eD4 150PS Diesel engine produces 380Nm of torque and is optimised to deliver the best fuel economy in the range.

	ACCELERATION 0-100 KM/H (0-60 MPH) (SECONDS)	TOP SPEED KM/H (MPH)
2.0L eD4 Diesel 150PS (Manual)	10.4 (9.8)	180 (112)

TD4 150PS/180PS

Optimised for high efficiency, the Ingenium 2.0 litre 4-cylinder 150/180PS Turbocharged Diesel engine produces 380/430Nm of torque.

- High-pressure common rail direct fuel injection, exhaust variable cam timing and a high-efficiency water-cooled intercooler work in combination for a clean, efficient combustion.
- Intelligent, electronically controlled, adaptive engine cooling only engages when required – minimising fuel consumption and CO₂ emissions.
- The engine features a variable geometry turbocharger that adapts to the changing flow of exhaust gases for high torque throughout the rev range and responsiveness that is uniform, progressive and reduces lag.

SD4 240PS

The Ingenium 2.0 litre Twin Turbocharged Diesel, producing 240PS and 500Nm of torque, improves upon performance whilst maintaining impressive fuel economy.

- Series sequential twin turbochargers deliver an ideal combination of peak power performance and superior low speed driveability.
- Upgrades include a higher pressure common rail fuel system, increased from 1,800 to 2,200 bar, and an increased fuel injector flow rate. These combine to deliver optimised fuel economy, emissions and power delivery.
- The result is an engine that pushes performance boundaries of a four cylinder with the strong fuel economy inherent in the Ingenium range.

	ACCELERATION 0-100 KM/H (SECONDS) (0-60 MPH) 5 / 5 + 2 SEATS	TOP SPEED KM/H (MPH)
2.0L TD4 Diesel 150PS (Manual)	10.9 (10.2) / 11.3 (10.6)	180 (112)
2.0L TD4 Diesel 150PS (Automatic)	10.9 (10.2) / 11.3 (10.6)	180 (112)
2.0L TD4 Diesel 180PS (Manual)	9.9 (9.4) / 10.3 (9.8)	188 (117)
2.0L TD4 Diesel 180PS (Automatic)	9.5 (8.9) / 9.9 (9.2)	188 (117)
2.0L SD4 Diesel 240PS (Automatic)	7.6 (6.9) / 7.9 (7.2)	204 (127)

INGENIUM PETROL ENGINES

Si4 240PS

The Ingenium 2.0 litre 4-cylinder 240PS Turbocharged Petrol engine produces 340Nm of torque, which helps to deliver outstanding driveability.

- The intelligent Continuously Variable Valve Lift (CVVL) system varies the extent to which inlet valves are opened, reducing engine-pumping losses. This lets the engine 'breathe' with maximum efficiency, optimising power and torque.
- CVVL works in combination with dual independent variable cam timing for ultimate operating flexibility, resulting in excellent power and fuel economy across the rev range.
- For excellent acceleration and effortless overtaking, maximum torque is available at 1,250rpm.
- The twin-scroll turbocharger is fed by an integrated exhaust manifold which increases the transfer of energy to the turbine – significantly reducing turbo lag and improving engine response.

Si4 290PS

The high-performance Ingenium 290PS 2.0 litre 4-cylinder Turbocharged Petrol engine features upgrades to the boosting system.

- Delivering a peak torque of 400Nm at 1,500rpm.
- The uprated turbocharger features a high flow compressor wheel delivering 26 percent more air, enabling a peak power output of 290PS.
- The twin-scroll turbocharger features ceramic ball-bearings which reduces friction and improves transient response.

	ACCELERATION 0-100 KM/H (SECONDS) (0-60 MPH) 5 / 5 + 2 SEATS	TOP SPEED KM/H (MPH) 5 / 5 + 2 SEATS
2.0L Si4 Petrol 240PS (Automatic)	7.4 (6.9) / 7.7 (7.2)	200 (124)
2.0L Si4 Petrol 290PS (Automatic)	6.8 (6.4) / 7.0 (6.6)	228 (142)* / 218 (135)

*If vehicle fitted with 18" wheels the top speed will be 221km/h (137mph).

Engine availability is market dependent. Please contact your nearest Land Rover Retailer for more information.

BODY AND CHASSIS

STRENGTH AND STABILITY

BODY

Discovery Sport features an extremely strong, lightweight body structure which has been developed using advanced, weight-saving materials to deliver outstanding stiffness and refinement together with exemplary characteristics in collision situations.

The structure is based on a steel monocoque foundation which is derived from Land Rover's compact SUV platform.

Lightweight technologies are used extensively in the body design including:

- Optimised steel body construction
- Aluminium bonnet, roof and tailgate panels
- Lightweight aluminium suspension components
- Magnesium cross car beam and front end carrier.

CHASSIS AND VEHICLE DYNAMICS

Discovery Sport has a chassis which has been specially developed by Land Rover engineers to deliver agile and refined on-road dynamics along with the brand's legendary all-terrain capability. Lightweight aluminium chassis components are used extensively to improve suspension performance by increasing stiffness and reducing unsprung weight, while also reducing total vehicle weight.

The chassis features a number of innovations, such as Electric Power Assisted Steering (EPAS), which help the vehicle achieve its unique dynamic character and improved efficiency.

FRONT SUSPENSION

Aluminium components are used within the front suspension. The front suspension struts have advanced hydraulic rebound stops which help to manage the noise and loads caused by severe impacts such as speed humps, to maintain composure in urban and off-road environments.

COMPACT REAR SUSPENSION DESIGN

Discovery Sport has a fully independent suspension system with an advanced multi-link rear suspension design. This delivers enhanced dynamics and refinement together with a compact layout to provide increased interior space.

The system has been specifically developed to enhance Discovery Sport's unrivalled breadth of capability, offering responsive and agile handling together with supreme ride quality and refinement. Excellent wheel travel and articulation helps the vehicle achieve class-leading off-road performance.

The compact aluminium multi-link layout also creates a much more spacious rear compartment, with enhanced shoulder and elbow room, the option of 5 + 2 seating and increased luggage space.

Mounted on an optimised steel subframe, the system is light and stiff for optimum steering response, chassis performance and refinement.

SAFETY

5★ EURO NCAP RATING

As with every Land Rover, safety was a key priority in the development of Discovery Sport, resulting in a first-in-class pedestrian airbag, **Autonomous Emergency Braking**, and a state-of-the-art bodyshell featuring both ultra-high-strength steel and lightweight aluminium. Discovery Sport has been awarded the maximum five star safety rating from Euro NCAP¹. In all variants, including 5 + 2 seat models, all seating positions are assessed to ensure a high standard of occupant protection. Discovery Sport also has a comprehensive occupant safety package including driver and passenger airbags, driver knee airbag, and side curtain and thorax airbags.

PEDESTRIAN PROTECTION SYSTEM²

Discovery Sport features a state-of-the-art pedestrian airbag system. Designed and tested to the most rigorous standards, including advanced virtual and real-world situations, it protects pedestrians from impact with the base of the windscreen by using an airbag mounted within a cover found at the trailing edge of the bonnet panel.

PASSENGER SEAT BELT CHECK SYSTEM

PRESSURE SENSORS

The system uses advanced pressure-tube sensors, located in the bumper, to detect impact.

ENHANCED PROTECTION

The shape of the deployed airbag offers enhanced protection to a pedestrian in the event of an impact.

DRIVER VISIBILITY

The airbag deployment has been designed to ensure that the effect on the driver's vision is minimised.

SAFETY SYSTEMS

- 1** PRESSURE SENSOR
- 2** PEDESTRIAN AIRBAGS

- 3** DRIVER AIRBAG
- 4** PASSENGER AIRBAG
- 5** DRIVER KNEE AIRBAG

- 6** SIDE CURTAIN AIRBAGS
- 7** SIDE THORAX AIRBAGS
- 8** AIRBAG DEACTIVATION SWITCH FOR FRONT PASSENGER

- 9** SEAT BELT REMINDER
- 10** SEAT BELT PRETENSIONERS
- 11** ISOFIX POINTS

ENVIRONMENTAL

SUSTAINABILITY

Sustainability is at the heart of everything we do and consequently all powertrains on Discovery Sport have been optimised to enhance sustainability by minimising fuel consumption and CO₂ emissions.

Both petrol and diesel engines feature the latest high-pressure direct injection technology and state-of-the-art low-friction designs, which have been carefully developed to minimise frictional losses. While both 6-speed Manual and 9-speed Automatic Transmissions are specified with the latest low viscosity transmission fluid to maximise efficiency.

An advanced intelligent Stop/Start system is standard on both manual and automatic models which automatically shuts down the engine in just 300 milliseconds when the vehicle comes to rest. This improves fuel economy and CO₂ emissions by between five and seven percent.

A smart regenerative charging electrical system has also been introduced which has an intelligent power management system to prioritise charging when the vehicle is decelerating, capturing the wasted kinetic energy and reducing the fuel demand of the electrical system.

With up to 13.8kg of recycled plastic on Discovery Sport's diesel engines and 16kg on the Si4 petrol engine, as well as up to 22.3kg of renewable and natural materials in each vehicle, we are taking big steps in reducing our environmental footprint.

ECO MODE

When activated, this standard feature prioritises the most efficient vehicle settings, including Automatic Transmission*, **Active Driveline*** and comfort features like heating and air conditioning, in order to minimise fuel consumption and CO₂ emissions.

The ECO Data feature provides drivers with information and feedback via the Touchscreen to help them adopt more economical driving habits.

OPTIMISED AERODYNAMICS

With its more streamlined profile, Discovery Sport is one of the most aerodynamic Land Rover vehicles.

LIGHTWEIGHT MATERIALS

To optimise vehicle performance and efficiency, Discovery Sport has been developed using lightweight materials and technologies. The vehicle has been designed with key weight saving technologies including an optimised steel body construction, aluminium bonnet, roof and tailgate panels, lightweight aluminium suspension components and a magnesium cross car beam and front end carrier.

The All Wheel Drive (AWD) components have also been optimised for weight, while the interior has been designed with efficiency in mind, with optimised seat structures which use laser-welded high tensile steel.

LIFE CYCLE ASSESSMENT

In order to minimise the vehicle's overall ecological impact, Discovery Sport is designed with a life cycle approach, aiming to minimise the environmental impact by considering the entire life cycle of the vehicle: from development and manufacturing, through customer use, to end-of-life recycling and re-use. Each element of the life cycle was analysed with a view to consuming fewer natural resources, using more sustainable materials and minimising the generation of waste.

*Where fitted.

DISCOVERY SPORT OFFERS YOU
GREAT OPTIONS AND FLEXIBILITY
TO PERSONALISE YOUR VEHICLE.

The following pages take you through a logical series of steps to make your vehicle suit your lifestyle. There are several choices: from selecting your engine and model to exterior and interior colours, wheels, finishes and those detailed touches to enable you to personalise your vehicle.

If you'd like to bring your options to life, go to our online configurator at landrover.com

56-57

1

**STEP 1
CHOOSE YOUR ENGINE**

You can select from a range of powerful petrol or diesel engines.

58-63

2

**STEP 2
CHOOSE YOUR MODEL
AND OPTIONS**

Compare the standard and optional features on each model.

64–65

3

STEP 3 CHOOSE YOUR COLOUR

There's a wide range on offer to enable you to express yourself.

66–67

4

STEP 4 CHOOSE YOUR WHEELS

There's a range of styles, each one designed to complement the bold exterior.

68–75

5

STEP 5 CHOOSE YOUR INTERIOR

When you choose your interior, you can personalise it by selecting your optimum seat configuration, the ideal colour combination of seats, materials and your preferred finisher. These three considerations help celebrate and enhance a sense of your own style.

76–81

6

STEP 6 CHOOSE YOUR LAND ROVER GEAR – ACCESSORIES

This range of stylish and practical accessories can be tailored to suit any lifestyle.

82–83

TECHNICAL DETAILS

Technical information and data for dimensions, performance and specifications.

1

DRIVELINE, ENGINE PERFORMANCE AND FUEL ECONOMY

The superbly engineered range of petrol and diesel engines on offer are paired with a state-of-the-art 9-speed Automatic Transmission or a 6-speed Manual Transmission. When you choose a Front Wheel Drive (FWD) manual diesel engine, CO₂ can be as low as 149g/km, ensuring your vehicle is as efficient as possible.

Class B (18" and 19" wheels) Class C (17" and 20" wheels)

[†]The figures provided are NEDC2 calculated from official manufacturer's WLTP tests in accordance with EU legislation. For comparison purposes only. Real-world figures may differ. CO₂ and fuel economy figures may vary according to wheel fitment and optional extras fitted. NEDC2 are figures calculated using a Government formula from WLTP figures equivalent to what they would have been under the old NEDC test. The correct tax treatment can then be applied. ^{††}WLTP is the new official EU test used to calculate standardised fuel consumption and CO₂ figures for passenger cars. It measures fuel, energy consumption, range and emissions. This is designed to provide figures closer to real-world driving behaviour. It tests vehicles with optional equipment and with a more demanding test procedure and driving profile.

2

EACH MODEL HAS A CHOICE OF ENGINES AND UNIQUE FEATURES

This guide will help you to select your ideal Discovery Sport.
On the following pages you'll see the key standard features for each model.

DISCOVERY SPORT PURE

- Brunel grille with Narvik Black surround
- Brunel fender vents
- Body-coloured door handles
- Narvik Black mirror caps
- Brunel Discovery script (bonnet and tailgate)
- Anthracite tow eye covers
- Narvik Black tailgate finisher
- Halogen headlights
- 17" 10 spoke 'Style 105' alloy wheels*
- Fabric seats
- 6-way manual front seats
- Front and Rear Parking Aid
- Leather steering wheel
- Cruise Control and Speed Limiter
- Illuminated vanity mirrors
- Loadspace cover
- Autonomous Emergency Braking (AEB)
- Lane Departure Warning
- Heated door mirrors
- Land Rover Sound System.

DISCOVERY SPORT SE

- Contents of Pure, plus:
- Automatic headlights with rain sensing wipers
 - Two-zone Climate Control
 - Ambient Interior Lighting
 - Navigation.

- Replaces Pure content:
- Dark Atlas grille with Narvik Black surround
 - Dark Atlas fender vents
 - Body-coloured mirror caps
 - Dark Techno Silver tow eye covers
 - 18" 5 split-spoke 'Style 511' alloy wheels*
 - Power fold, heated door mirrors with approach lights
 - Land Rover Enhanced Sound System.

DISCOVERY SPORT HSE

Contents of SE, plus:

- Front fog lights
- Auto High Beam Assist (AHBA)
- Rear Camera
- Two-zone Climate Control with second row vents.

Replaces SE content:

- Atlas fender vents and grille with Narvik Black surround
- White Silver tow eye covers
- Xenon headlights with LED signature
- 19" 5 split-spoke 'Style 521' alloy wheels*
- Perforated grained leather seats
- 10-way electric front seats
- Meridian™ Sound System.

DISCOVERY SPORT HSE LUXURY

Contents of HSE, plus:

- Park Assist
- Traffic Sign Recognition
- Lane Keep Assist and Driver Condition Monitor
- Blind Spot Monitor and Reverse Traffic Detection
- Powered gesture tailgate
- Keyless Entry
- Configurable Ambient Interior Lighting
- Illuminated aluminium front treadplates with Discovery script.

Replaces HSE content:

- Noble Plated upper and lower door handles
- Atlas fog light surrounds, tailgate finisher and Discovery script (bonnet and tailgate)
- 19" 9 spoke 'Style 902' with Diamond Turned finish alloy wheels*
- Perforated Windsor leather seats
- 12-way electric front seats with memory
- Auto-dimming, power fold heated door mirrors with memory and approach lights.

LANDMARK EDITION

With a striking combination of exterior and interior features, Discovery Sport Landmark Edition has a bold, dynamic presence.

The distinctive design of the front bumper with Graphite Atlas grille and side vents is further enhanced by Graphite Atlas Discovery script and 19" 'Style 521' wheels in Gloss Dark Grey. The Landmark Edition is available in a choice of three exterior colours – Yulong White, Corris Grey and Narvik Black – uniquely combined with a Carpathian Grey contrast panoramic roof.

A stylish interior features Dark Grey Brushed Aluminium centre stack finishers, Ebony grained leather seats and Ebony headliner. The driving experience is enhanced by a range of technologies including Navigation and Front Parking Aid.

Dynamic style front bumper with Graphite Atlas Discovery script

19" 'Style 521' Gloss Dark Grey alloy wheels

Unique Carpathian Grey contrast roof with panoramic roof

Dark Grey Brushed Aluminium centre stack rails

PERSONALISING THE EXTERIOR

In addition to the standard finishes on Discovery Sport, you can tailor the exterior to suit your personal taste.

DYNAMIC DESIGN PACK

The Dynamic Design Pack takes the vehicle's arresting looks to greater heights. Its striking presence is enhanced by a range of design features including a choice of 19" or 20" alloy wheels and Chrome exhaust finishers¹ that truly set it apart.

- Narvik Black mesh grille and fender vents
- Narvik Black mirror caps
- Narvik Black fog light surround²
- Narvik Black Discovery script (bonnet and tailgate)
- Chrome exhaust finishers¹

- A choice of 19" Satin Dark Grey or 20" Gloss Black alloy wheels
- Dark Grey or Carmine Red Brushed Aluminium centre stack side rails³.

BLACK DESIGN PACK

The Black Design Pack gives the overall design of the vehicle a more assertive appearance, with exterior elements changed to Narvik Black and a choice of distinctive Gloss Black alloy wheels.

- Narvik Black grille and surround
- Narvik Black fender vents
- Narvik Black mirror caps
- Narvik Black Discovery script (bonnet and tailgate)

- Black contrast roof
- Choice of 18", 19" and 20" Gloss Black alloy wheels.

3

Now you have chosen your Discovery Sport model, you can select your exterior paint colour. From rich, deep lustres to incandescent metallic patinas, our paints incorporate the latest in pigment technologies. Our solid paints produce a deep flat colour. Our metallics deliver a sparkle finish that is sure to catch the eye. And our premium metallic paints enhance both the colour and the intensity of the sparkle or sleek metallic finish to give your vehicle even more presence.

CHOOSE YOUR INTERIOR – SEAT CONFIGURATION

60:40 Second Row Seats with Slide and Recline

These seats have forwards/backwards movement of 160mm, allowing truly flexible use of space for luggage or to maximise passenger legroom. The seats can also recline to provide even greater comfort.

60:40 Fixed Second Row Seats (not shown)

The 60:40 five-seat configuration features three comfortable seating positions.

5 + 2 Seating

A neatly integrated third row of seats can be specified to give you even more versatility. These seats are ideal for children and teenagers, or adults on short journeys.

They are easily accessed by tipping and sliding forward the second row seats. When folded, the third row seats leave a flat floor in the luggage compartment as if it were a five-seat model.

LAND ROVER GEAR – ACCESSORIES

Discovery Sport is so capable and adaptable it can get straight to work across a huge variety of vastly differing conditions and roles. Even so, some owners want to add their own stamp of individuality by tailoring their Discovery Sport to their specific needs with a range of stylish, practical accessories that are tough, versatile and bring an opportunity for personalisation.

Importantly, these accessories can be added by your Land Rover Retailer at any stage during the vehicle's life – not just when it's new. Naturally, Land Rover Accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

DESIGN

Bright Side Tubes¹
VPLCP0209

Highly polished stainless steel side tubes provide an off-road inspired appearance, designed to complement the vehicle's exterior design.

Stainless Steel Undershield – Front²
VPLCP0212

The off-road designed undershield, manufactured from stainless steel, features a premium Bright Polished finish for the front of the vehicle.

Stainless Steel Undershield – Rear^{2,3}
VPLCP0213

The off-road designed undershield, manufactured from stainless steel, features a premium Bright Polished finish for the rear of the vehicle.

Loadspace Organiser Tray
VPLCS0340

Convenient loadspace organiser provides segregated compartments to stow delicate items or separate shopping/luggage. Featuring lockable lids, it is secured via loadspace 'D' loops.

Sill Treadplates – Illuminated
VPLCS0286LAA – Lunar
VPLCS0286PVJ – Ebony (not shown)

Sill treadplates featuring illuminated Discovery script. Supplied as a pair for driver and front passenger sides of the vehicle.

Sill Treadplates – Personalised
VPLCS0343PVJ – Ebony
VPLCS0343LAA – Lunar (not shown)

Personalised illuminated treadplates allow you to choose a personalised message using an approved set of fonts/typefaces which will be highlighted in White illumination when the front doors are open. Available as front pair only.

¹Fitting of side tubes may affect the off-road capability of vehicle. ²Not available with Dynamic Design Pack.
³Not compatible with vehicles equipped with 5 + 2 seating, reduced section spare wheel and towing systems.

TOURING

Sunshades
VPLCS0298 – Second row
VPLCS0297 – Third row
VPLCS0296 – Tailgate (not shown)

Easy to install or remove, these sun blinds provide increased comfort helping to protect passengers from heat and glare of the sun. Three versions available for the second row, third row passenger side windows and the rear tailgate.

Roof Rails¹
VPLCR0137 – Silver finish (panoramic roof)
VPLCR0133 – Silver finish (fixed roof)²
VPLCR0136 – Black finish (panoramic roof)
VPLCR0132 – Black finish (fixed roof)²

Roof rails facilitate easy fitment of cross bars for roof carrying. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. Maximum payload is 75kg³.

Cross Bars¹
VPLCR0131
Elegant, durable Bright finish aluminium cross bars, with T-track design which utilises the full length of the bars, providing space to mount multiple accessories. Aerodynamic profile minimises drag and wind noise.

Roof Box¹
VPLWR0100 – Large Sports Roof Box¹
VPLVR0061 – Sports Roof Box¹ (not shown)
VPLVR0062 – Luggage Roof Box¹ (not shown)

Available in a range of sizes, all versions can be mounted either side for kerbside opening in any country and include integral locks for security and peace of mind. Carrying capacity ranges from 320 litres for the sports box to the 410 litre luggage box or the capacious 430 litre large sports box. Maximum payload 75kg³.

Loadspace Rails
VPLCS0349
Luggage Retention Kit
VPLCS0324

Loadspace mounted rails to help increase the flexibility of loadspace stowage, also allowing the fitment of the luggage retention kit stowage system. The loadspace retention kit consists of a pack of attachments that fix into the loadspace rails via a quick lock/quick release system to help provide a comprehensive and flexible solution for retaining luggage and other items within the loadspace. The attachment pack includes a retractable strap with inertia reel and telescopic rod.

Seat Back Stowage
VPLVS0182 – Premium leather
VPLVS0181 – Standard (not shown)

Manufactured from the same premium leather offered on the vehicle, complemented with soft touch interior lining and magnetic button clasps. Provides convenient stowage solution for the rear of the front seats with multiple compartments for stowing small items.

Click and Go Accessory System
VPLRS0388

The Click and Go range is a multi-purpose seat-back system for second row passengers. The versatile Click and Go base fixes between the headrest mountings and further attachments can be added to hold tablets, bags and shirts or jackets. Each attachment is sold separately. The base can be easily removed when not in use. Image shown is Click and Hang (VPLRS0390).

SPORTING

Loadspace Liner Tray
VPLCS0274

VPLCS0268 – With luggage divider (not shown)

Semi-rigid waterproof loadspace liner tray with a raised lip on three sides to protect loadspace floor and side wall carpets from dirt or wet equipment.

Aperture Retention Net
VPLCS0267

The aperture retention net prevents small items from falling out of the loadspace when the tailgate is opened and maximises packing space. Manufactured from premium lightweight materials including high grade machined aluminium to ensure robust quality.

Rear Loadspace Treadplate Finisher
VPLCS0353LAA – Lunar
VPLCS0353PVJ – Ebony (not shown)

Manufactured from stainless steel with a Bright finish, the rear loadspace treadplate finisher provides protection for the loadspace trim when loading or unloading.

Tow Bar Mounted Bike Carrier
VPLVR0067 – Two Bike Carrier⁴

VPLVR0069 – Three Bike Carrier⁴
(not shown)

The tow bar mounted bike carrier features a one hand, quick attach/release tow bar coupling mechanism and can be tilted away from the vehicle, by use of a foot pedal, to allow easy access into the rear tailgate. The tailgate can be opened with carrier in deployed/folded position. Manufactured from aluminium and other lightweight materials, the bike carrier also features a rear lighting and licence plate mount and it is lockable for security. The carrier has a folding/sliding mechanism to allow ease of stowage when not in use. A holder and ratchet function ensure bicycles are safely secured. Maximum load capacity 51kg (on the three bike carrier).

Towing System –
Detachable Tow Bar⁵

Towing Electrics – 13 Pin⁶
VPLCT0182

Convenient and easy to use, the detachable tow bar ensures a clean look when not in use. Please contact your nearest Land Rover Retailer for feature and vehicle availability.

Towing System –
Fixed Height Flanged Tow Bar⁵

Towing Electrics – 13 Pin⁶
VPLCT0182

Waterproof Seat Covers
VPLCS0291SVA – Front (Almond)
VPLCS0292SVA / VPLCS0293SVA –
Second row / third row
(Almond – not shown)

Helps protect seats from mud, dirt, wear and tear. Easily fitted and machine washable.

VPLCS0291PVJ – Front (Ebony)
VPLCS0292PVJ / VPLCS0293PVJ –
Second row / third row
(Ebony – not shown)

⁴Heat shield is required for two and three tow bar mounted bike carrier – VPLWR0124. ⁵Maximum towing capacity 2,500kg and 2,200kg for 5 + 2 seating (capacity dependent upon engine, powertrain variant and seating). ⁶Towing electrics must be ordered with part shown, please consult your Land Rover Retailer for further information.

OUTDOOR

Pet Pack with Mat
Luggage Partition – Full Height
VPLCS0299

Combines the loadspace rubber mat with the full height partition, to protect both your vehicle and your pet. The rubber mat is waterproof, protecting the vehicle's loadspace floor carpet. The full height partition prevents access to the passenger compartment, while safely containing and protecting your pet.

Loadspace Mat – Rubber¹
VPLCS0279

Luggage Partition – Half Height
VPLCS0300

Designed to prevent luggage from entering the passenger compartment. The design of the luggage partition has been optimised to second row seating featuring tilt functionality.

Loadspace Mat – Rubber
VPLCS0279

Waterproof rubber mat helps to protect the rear loadspace carpet from general dirt. Rubber mat extension for protection of the back of the rear seats when folded down also available – Part No: VPLCS0273.

Fixed Side Steps²
VPLCP0210

The side step aids entry and exit to the vehicle and improves access to the roof. Design features include Bright stainless steel edge trim and a rubber tread mat.

Mudflaps
VPLCP0203 – Front
VPLCP0204 – Rear
VPLCP0277 – Rear with 5 + 2 seating³

Mudflaps are a popular upgrade for reducing spray and ensuring paintwork is protected from debris and dirt. Designed to complement vehicle exterior design.

Mudflaps – Dynamic only
VPLCP0311 – Front
VPLCP0312 – Rear
VPLCP0313 – Rear with 5 + 2 seating³

Rubber Floor Mats
VPLCS0281
VPLCS0280 – Third row (not shown)

Rubber footwell mats help provide protection from general dirt.

OTHER

Mirror Covers – Noble
VPLCB0251

Noble Chrome Plated mirror covers designed to enhance Discovery Sport's exterior design cues. This neat design upgrade complements various Bright finish exterior trims.

Wind Deflectors – Side Windows
VPLCP0258

Wind deflectors for side windows to help to improve comfort levels in the cabin when driving with windows open, by reducing air turbulence and noise and allowing fresh air to be circulated in the cabin.

Pedestrian Airbag System
LR067898 – Gloss Black

A Gloss Black finish to the pedestrian airbag system is designed to enhance Discovery Sport's exterior design cues. This striking design upgrade complements various exterior trims and paint colours.

Luxury Carpet Mat Set
VPLCS0282LAA – Lunar
VPLCS0282PVJ – Ebony (not shown)

Luxurious, tailored, deep pile 2.05g/m² carpet mat set, with waterproof backing, provides a well appointed finishing touch to the interior.

Gearshift Paddles
VPLVS0187MMU – Aluminium
VPLVS0187CAY – Aluminium Red

Complete the look and feel of your steering wheel with premium aluminium paddles. Gearshift paddles are machine polished, anodised and hand brushed to provide exceptional wear resistance with a premium finish.

Sports Pedal Covers
VPLHS0044 – Automatic Transmission vehicles
VPLVS0178 – Sport Footrest (Automatic Transmission vehicles)
VPLHS0045 – Manual Transmission vehicles (not shown)

Stainless steel Bright finish sports pedal covers are easy to fit and feature hidden fixings for a clean finish.

WORLD OF LAND ROVER

Your Land Rover has been designed and engineered to help you make more of your world. It can take you to places other vehicles simply can't reach in a style that cannot be matched. To celebrate the Land Rover lifestyle, we've put together a range of experiences, publications and Land Rover branded goods. There's a world to explore. Get out there and enjoy it.

ADVENTURE DRIVES

From the sheer exhilaration of the Arctic ice to the awe-inspiring dunes of Namibia, Land Rover Adventure Drives offer you once-in-a-lifetime experiences that bring the spirit and emotion of our vehicles to life.

Search 'Land Rover Adventure Travel' for full details.

EXPERIENCE DRIVES

Get behind the wheel of the latest Land Rovers under the expert guidance of our qualified instructors. From Taster Drives to advanced Full Day experiences, there's a wide range available at one of the expanding network of Experience Centres across the world.

Search 'Land Rover Experience' for full details.

MANUFACTURING TOURS

These behind-the-scenes tours are a unique opportunity to step inside our state-of-the-art manufacturing facilities where the latest Land Rovers are born. This combination of unrivalled craftsmanship and cutting-edge robotics can be seen at either Halewood or Solihull.

Search 'Land Rover Behind the Scenes' for full details.

BRAND PARTNERSHIPS

Integrity, courage, pride, composure and capability; these are the values Land Rover shares with its partners. Whether the International Federation of Red Cross and Red Crescent Societies (IFRC), Rugby World Cup 2019™ or Virgin Galactic, each one is driven by exceptional people prepared to face extreme challenges and push their capabilities to the very limits.

Search 'Land Rover Partnerships' for full details.

ONELIFE MAGAZINE

Free twice a year for your first three years as a Land Rover owner, this award-winning magazine features the best in photography, authoritative journalism and expert insights. Onelife takes you right into the heart of exclusive experiences and extraordinary adventures, whilst keeping you up to date with the latest innovations, design and lifestyle choices.

Search 'Land Rover Featured Articles' for full details.

HUMANITARIAN PARTNERSHIPS

Since 1954, Land Rover have supported the International Federation of Red Cross and Red Crescent Societies in reaching 150 million people needing aid in 189 National Societies.

Search 'Land Rover Responsibility' for full details.

LAND ROVER COLLECTION

Our latest range of clothing and luxury leather goods is crafted with the same design excellence and attention to detail as our vehicles. We also have a collection that honours Land Rover's unique heritage and features expedition-inspired gifts and apparel.

Search 'Land Rover Collection' for full details or visit your local Land Rover Retailer.

YOUR PEACE OF MIND

CUSTOMER SERVICE

When you bring your Land Rover to us, we use cutting-edge diagnostic equipment to assess all your vehicle's mechanical and electronic systems. Our qualified Technicians use tools specifically designed for our vehicles and only fit genuine Land Rover parts and Gear accessories. A choice of service plans are available which, together with Roadside Assistance, ensures complete peace of mind.

For further details contact your local Land Rover Retailer or search 'Land Rover Ownership'.

LAND ROVER ROADSIDE ASSISTANCE

Land Rover Assistance provides assistance in motoring emergencies, from immobilisation due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, wherever you happen to be.

For further details please consult your Warranty Benefits handbook, contact your nearest Land Rover Approved Service Centre or search 'Land Rover Roadside Assistance'.

LAND ROVER FINANCIAL SERVICES

Getting the keys to your very own Land Rover has never been so simple. And it's more affordable than you might think. New or used, for personal or business use, we have an option that puts you in complete control.

For further details contact your local Land Rover Retailer or search 'Land Rover Finance'.

FLEET & BUSINESS

Land Rover is dedicated to being the premium manufacturer of choice for fleets and businesses, by providing a highly attractive range of vehicles and exemplary customer service. Distinctive, capable and versatile, all Land Rover vehicles deliver low Total Cost of Ownership through strong residual values, competitive service, maintenance and repair costs, and impressive fuel economy and CO₂ emissions.

We are also committed to providing a totally customer-focused aftersales service, which will ensure every Land Rover vehicle is kept on the road and in top condition, in the easiest and most cost-efficient way for businesses.

Search 'Land Rover Fleet and Business' for full details.
