A Nsija textile stands out for the nobility of its natural fibers including cotton, linen, wool, and silk.

We only weave high-quality natural yarns (no synthetic/no polyester/ no viscose) that we carefully source from Italy or France.

Our current yarn inventory is quite sizable and offers a wide variety of textures and trendy colors.

A MEDITERRANEAN INSPIRATION

Nsija's journey emerged from Mahdia (Tunisia), a city marked by a glorious cultural heritage and a typical Mediterranean way of life..

Our designs are an authentic reflection of the Mediterranean "Dolce Vita" where the infinite colors of the sea, sky, and earth fuse in total harmony..
