

REBUILD UKRAINE 2023 WARSAW, REPUBLIC OF POLAND

“

The reconstruction of Ukraine is not a local project, not a project of one nation, but a joint task of the entire democratic world - of all countries, certainly all countries that can say about themselves - we are civilized

President of Ukraine Volodymyr Zelenskyy

While the Armed Forces of our country are courageously fighting the aggressor, the Ukrainian-British exhibition company "Premier Expo" has launched the **ReBuild Ukraine** trade exhibition and conference, which will help Ukrainian Communities affected by the war to restore a normal life.

The international exhibition and conference **ReBuild Ukraine** will be held **in Warsaw, Poland from February 15-16, 2023.**

The event is held under auspices of the Ministry for Communities and Territories Development of Ukraine, the Ministry of Foreign Affairs of Ukraine, the Ministry for Reintegration of the Temporary Occupied Territories, Swiss State Secretariat for Economic Affairs (SECO), Ministry of Economic Development and Technologies of the Republic of Poland, London Chamber of Commerce and Industry, as well as relevant ministries of EU partner countries.

The main aim of this event is to accelerate the attraction of financing for the reconstruction of Ukrainian Communities which suffered as the result of the military aggression, and the attraction of investments to the cities and regions of Ukraine, which currently support millions of displaced families and have attractive investment opportunities.

The ReBuild Ukraine is to unite state structures, international donor and financial institutions, Territorial Communities, representatives of charitable funds, and investment and construction companies at one public platform.

Intergovernmental press briefing opening of ReBuild Ukraine where we expect the representatives of participating countries to speak about their involvement in rebuilding Ukraine. The renovation of Ukraine will be the most complex reconstruction project since the World War II. The scale of destruction is so significant that only with the active participation of partner countries it would be possible to cope with this challenge. It will become a window of opportunity for many sectors of the economy, both in Ukraine and other countries worldwide.

The following representatives of state authorities are invited to share their vision regarding the reconstruction process:

Representative of Office
of the President of Ukraine

Representative of Ministry for
Communities, Territories and
Infrastructure Development

Minister Mr. Lars Lokke Rasmussen
Ministry of Foreign Affairs of Denmark

Minister Mr. Waldemar Buda
Ministry of Economic
Development and Technology
at the Republic of Poland

Ilze Indriksone
Minister of Economics
of the Republic of Latvia

Vice-Minister Mr. Vincas Jurgutis
Ministry of the Economy and
Innovation of the Republic of Lithuania

His Majesty's Mr. Kenan Poleo
Trade Commissioner for Eastern
Europe and Central Asia Region

Dr. Kirsten Scholl
Director-General European Policy
in the Federal Ministry for Economic
Affairs and Climate Action

The Ukrainian and international media is invited to press briefing

✓ **The key component** of the exhibition is the **National Pavilion "Ukraine and its Communities"**, where 23 Ukrainian cities and towns will present their vision of priority reconstruction projects and further development of their communities by means of investments investment and donor projects.

✓ **Communities Marathon** - presentations of each participating Ukranian community will be held from February 15-16, 2023.

Participating Territorial Communities

✓ **Investment conference "Rebirth of Nation. Municipalities of Ukraine. Opportunities for investors and partners."** - the main topic for discussion will be the economic potential of Ukrainian municipalities from an investment perspective. Why invest in Ukraine? Industrial parks are a key investment trend.

Analysis of the most successfully implemented and current investment cases in Ukraine. Investment organizations and financial institutions are invited.

Conference Programme

✓ **Ukraine is the world's largest construction site!** – the main trigger, which is the basis of another exhibition event - Recovery Construction Forum, which will be held on February 15, 2023. The main partners of "Premier Expo" in the organization of this event are FIEC - European Construction Industry Federation and the Confederation of Builders of Ukraine.

The Forum will bring together the leading construction companies of Ukraine and the EU. The main topic will be issues of strategic recovery planning, rules, and policies of participation of international companies in the reconstruction of Ukraine.

We would like to remind you that the losses for the reconstruction of civil and critical infrastructure amount to appr. 750 billion dollars.

Recovery Construction Forum Program

✓ Visitors and guests of the ReBuild Ukraine exhibition and conference can attend a unique exposition of construction technologies, equipment, and materials, introduced by more than 302 of the most powerful manufacturers from 22 countries as follows:

Ukraine, Austria, Belgium, Great Britain, Georgia, Denmark, Italy, Latvia, Lithuania, Netherlands, Germany, Poland, Portugal, Republic of Korea, Romania, Slovakia, Slovenia, United States of America, Turkey, Finland, France, Czech Republic.
