Cooperation with
International
Organizations

Key information

Innovation

We installed the first system in Ukraine with two maximum range welding robots

High-Quality Goods and Services

Truck and Railway Scales, Along with Metal Cutting, Bending, Welding, and Painting Services. "Lego-Like" Design of Scales with Warranty Commitments

Complete Solution

We Offer Comprehensive Solutions for Our Customers Across Numerous Countries. Efficient Logistics and Custom Fabrication of Metal Structures Based on Your Designs

Manufacturability

The Best Technologies and Equipment from IPG, Yaskawa, Fronius, PPG Ensure Stable Quality. However, There is Always Room for Improvement

Sustainability

We are Diligently Working to Reduce Our Environmental Footprint. In 2022, Fronius Solar Modules and Inverters Supplied 95% of Our Production's Green Energy

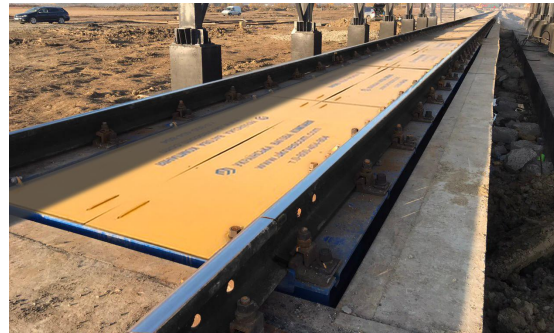

Our Value Proposition

**We Create Innovative and User-Friendly Products.
From Concept to Completion**

- Availability of Platforms and Spare Parts
- Competitive Pricing
- Responsibility and Openness to Collaboration

Our value proposal

We Manufacture Scales in Ukraine (USC)

Currently, We Sell and Provide Service Support in Ukraine, Turkey, and Romania, and We are Ready to Expand Cooperation with Other Countries.

We Have Installed Scales in the Following Countries:

- Azerbaijan
- Guinea
- Georgia
- Lithuania
- Moldova
- Poland
- Romania
- Serbia
- Uzbekistan

We Install Scales Worldwide

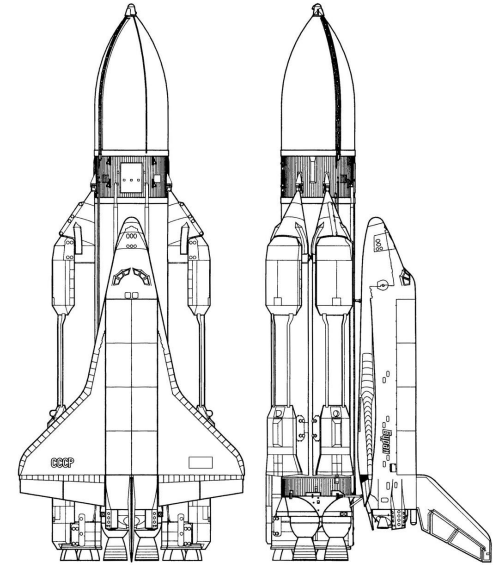

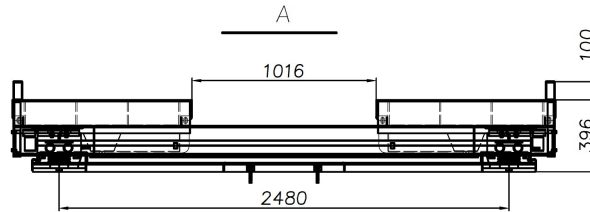

Constructing Scales with the Precision of Spaceships

- **Environmentally Sound**
- **Less Material**
- **Yet Solid Construction**

- redistribution of stress concentrators, and not strengthening of such places

- reducing the mass of the structure while maintaining the strength parameters

Scales from Heaven

Trusted by Our Valued Customers

Standard Line

For typical conditions

Power Line

For hard conditions

Euro Line

For special conditions

Grip Line

For extreme conditions

Truck Scale Products for Various Industries

**Railway Scales for
Monolithic
Concrete
Foundation**

**Sleeper Railway
Scales**

**MULTI BRIDGE
Series
Truck & Railway
Scales**

**Combined Railway
Scales 1520 + 1435**

Railway Scale Products for Various Industries

ARAMIS AFX-2060 laser cutting machine

Yaskawa AR3120 welding robots

Fronius welding machines

Ermaksan tandem press brake

210 sqm painting chamber

Air recirculation system

DAF-based vehicles with manipulators

Commercial transport from Renault and Toyota

Our Modern Equipment
