DIH FORUM

SME DIGITALIZATION
MEETING POINT, SARAJEVO

About DIH Forum 2023

Join us at the DIH Forum 2023, where we dive into the world of digital innovation and technology for small and medium-sized enterprises (SMEs).

The Forum aims to provide SMEs with insights and best practices on digital transformation, exploring how technology has fundamentally altered the way businesses engage with customers and created new opportunities for revenue streams.

The program includes panel discussions with European and local DIH representatives, industry demos, and expert presentations on starting digitalization for SMEs, EU4DigitalSME programs, and financing and advisory opportunities for SMEs.
