- Steaming bathrooms or other rooms

➤ KITCHEN CLEANING

- Oven and grill cleaning inside
 - Deep surface degreasing
- Cleaning the inside of washing machine and dishwasher
- Cleaning the kitchen hood inside and filters
- Cleaning the inside of kitchen cabinets

STANDARD cleaning is ideal when you need to clean the house of dust, remove simple, soluble pollutants and generally freshen the atmosphere

IMPORTANT !!!

- ✓ If you want to clean your **fridge**, food must be removed before cleaning begins, and the refrigerator must be defrosted before cleaning begins
- ✓ When ordering **dry-cleaning**, we cannot guarantee that all stains will be removed. This is because some stains penetrate very deeply into the fabric or become fixed in the material under the influence of ultraviolet radiation or other factors
 - ✓ If there is **mold** in your home, we do not guarantee its complete removal
- ✓ If **calcium** has penetrated deeply into the glass structure of windows or bathroom glass, its complete removal cannot be guaranteed
- ✓ When performing standard cleaning, we can **lift furniture** that weighs no more than **10 kg**, cleaning of dust and cabinets is not included in the option of this service
- ✓ The price can be increased up to **15%** in cases where standard cleaning is ordered for cleaning the property before and after rent, and also if there is a lot of pet hair in the house

DEEP

Bedroom & Living room

- Removing cobwebs, dust and difficult spots from ceilings, walls, furniture
- Removing dust and difficult spots from chandeliers, cornices, window sills, open shelves
- Cleaning mirrors and paintings
- Cabinet fronts are polished, radiators are cleaned of dust and other contaminants + cleaning the inside of cabinets from dust if they are empty
- Removing dust and difficult spots from tables and chairs
- Cleaning of TV, switches, sockets
- Doors and window frames are cleaned of dust and other contaminants
- Removing dust and other contaminants from skirting boards, floors are vacuumed and washed

Kitchen & Dining area

- Removing cobwebs, dust and difficult spots from ceilings, walls, chandeliers
- Cabinet fronts and mirrors are polished, radiators are cleaned of dust and difficult spots + fridge inside
- Cleaning of TV, switches, sockets, tables and chairs
- Cleaning kitchen countertops and polishing plumbing fixtures + cleaning kitchen hoods, degreasing surfaces, microwave oven inside
- Cleaning outside kitchen cupboards + cleaning the top of the cabinets
- Cleaning the outside of kitchen appliances
- Doors and window frames are cleaned of dust and other contaminants
- Removing dust and other contaminants from skirting boards, floors are vacuumed and washed

EXTRA SERVICES, you can to add to **DEEP** cleaning

➤ DRY-CLEANING

SOFA, ARMCHAIR, pouf,
MATTRESS, CARPET cleaning
(in rooms, stairs and landing) rugs

➤ OTHER

- Washing windows outside and inside
 - Deep cleaning of window frames
 - Deep cleaning blinds
- Deep cleaning of lamps and chandeliers
- Deep cleaning of cabinets inside rooms

➤ KITCHEN CLEANING

- Oven and grill cleaning inside
- Cleaning the inside of washing machine and dishwasher
- Cleaning the inside of kitchen cabinets

The main difference between **DEEP** cleaning and **STANDARD** cleaning is that we remove all contaminants that can be removed without damaging the material. To remove traces of marker, rubber and tape from interior parts, we use various chemicals and a completely different set of tools. The beds move and all dirt is removed under and behind them, and dirt on all high surfaces (cabinets, shelves) is also removed

IMPORTANT !!!

- ✓ If you want to clean your **fridge**, food must be removed before cleaning begins, and the refrigerator must be defrosted before cleaning begins
- ✓ When ordering **dry cleaning**, we cannot guarantee that all stains will be removed. This is because some stains penetrate very deeply into the fabric or become fixed in the material under the influence of ultraviolet radiation or other factors
 - ✓ If there is **mold** in your home, we do not guarantee its complete removal
- ✓ If **calcium** has penetrated deeply into the glass structure of windows or bathroom glass, its complete removal cannot be guaranteed
- ✓ When performing standard cleaning, we can **lift furniture** that weighs no more than **50 kg**

AFTER RENOVATION

Bedroom &
Living room

Kitchen &
Dining area

Bathroom &
Toilet

This type of service completely duplicates the **DEEP** cleaning options, but in this case we additionally remove construction dust, construction debris, traces of cement, putty and silicone
