

CHECKLISTS

FOR HALLWAY, LIVING ROOM AND BEDROOM
THINGS THAT CREATE AN ATMOSPHERE

DRESS UP
HOMES |

Congratulations, you have taken the first step towards your dream home!

This guide will be your **interior stylist** to help you start transforming your home into a place of strength, comfort and pride.

During the Dress up your home course, we step by step look into every corner of the home, collecting a list of things that are simply necessary in a particular room. And it's not just about the bed in the bedroom or the cabinets in the kitchen. We help to choose those interior details that will give a special and, you see, very necessary **feeling of comfort, unique atmosphere, aesthetics and style.**

Now we want to open the curtain – look into the hallway, living room and bedroom – and tell you what details will serve as a tool for transformation in these rooms.

We have prepared checklists for you, following which you can evaluate what is missing in your home and what you would like to add. And by making it a reality, you will learn the secret of how seemingly simple things taken separately can **change your perception and feeling of home by 180 °.**
