

3,14BAN – UPCYCLED CORPORATE MERCHANDISE WITH IMPACT

TRANSFORMING USED BANNERS INTO UNIQUE,
BRANDED ITEMS FOR A SUSTAINABLE FUTURE

WHO WE ARE ?

3,14BAN is a Ukrainian brand specializing in upcycling. We create unique products from reclaimed materials — mainly used advertising banners.

Our products align with the global shift towards eco-conscious consumption, helping businesses reduce waste and enhance their sustainability image.

THE PROBLEM

Every year, millions of square meters of advertising banners end up in landfills, contributing to plastic waste and CO₂ emissions.

Corporate merchandise often becomes disposable clutter instead of a meaningful brand asset.

OUR SOLUTION

We transform advertising banners into durable, functional, and stylish corporate merchandise — tote bags, laptop sleeves, waist bags, and notebooks.

Every item tells a story, turning waste into a marketing tool and aligning your brand with sustainable values.
