

# **CREATION OF AN INCLUSIVE COMPREHENSIVE REHABILITATION CENTER "REBIRTH"**

Bilhorod-Dnistrovskyi city council

As of June 1, 2023, 118 people with musculoskeletal disabilities are registered at the "Bilhorod-Dnistrovskyi Primary Health Care Center," comprising 46 men, 43 women, and 29 children. Additionally, 74 individuals have cardiovascular diseases, and 532 have been diagnosed with strokes. Within the territory of the Bilhorod-Dnistrovskyi district, under the registration of the Municipal Non-Profit Enterprise "Health Care Center of the Bilhorod-Dnistrovskyi District Council," there are 101 individuals with disabilities. Among them, there are 23 children, 41 men, and 37 women.

**WITH EACH PASSING DAY OF THE WAR, THE NUMBER OF PEOPLE IN NEED OF REHABILITATION, INCLUDING CHILDREN, IS INCREASING. UNFORTUNATELY, THESE PEOPLE DO NOT HAVE THE OPPORTUNITY TO RECEIVE MEDICAL REHABILITATION ASSISTANCE IN THEIR HOMETOWN AND DISTRICT. ADULTS, MILITARY PERSONNEL, CHILDREN - THEY ALL NEED UNOBSTRUCTED, TIMELY AND HIGH-QUALITY REHABILITATION ASSISTANCE.**

# PROJECT GOAL

The project is aimed at providing access to rehabilitation services for the residents of the Bilhorod-Dnistrovskyi district and enhancing the district's rehabilitation potential through the construction of the "Rebirth" comprehensive rehabilitation center. This project effectively support the recovery of patients with various injuries and illnesses, ultimately improving their quality of life and functional capabilities.

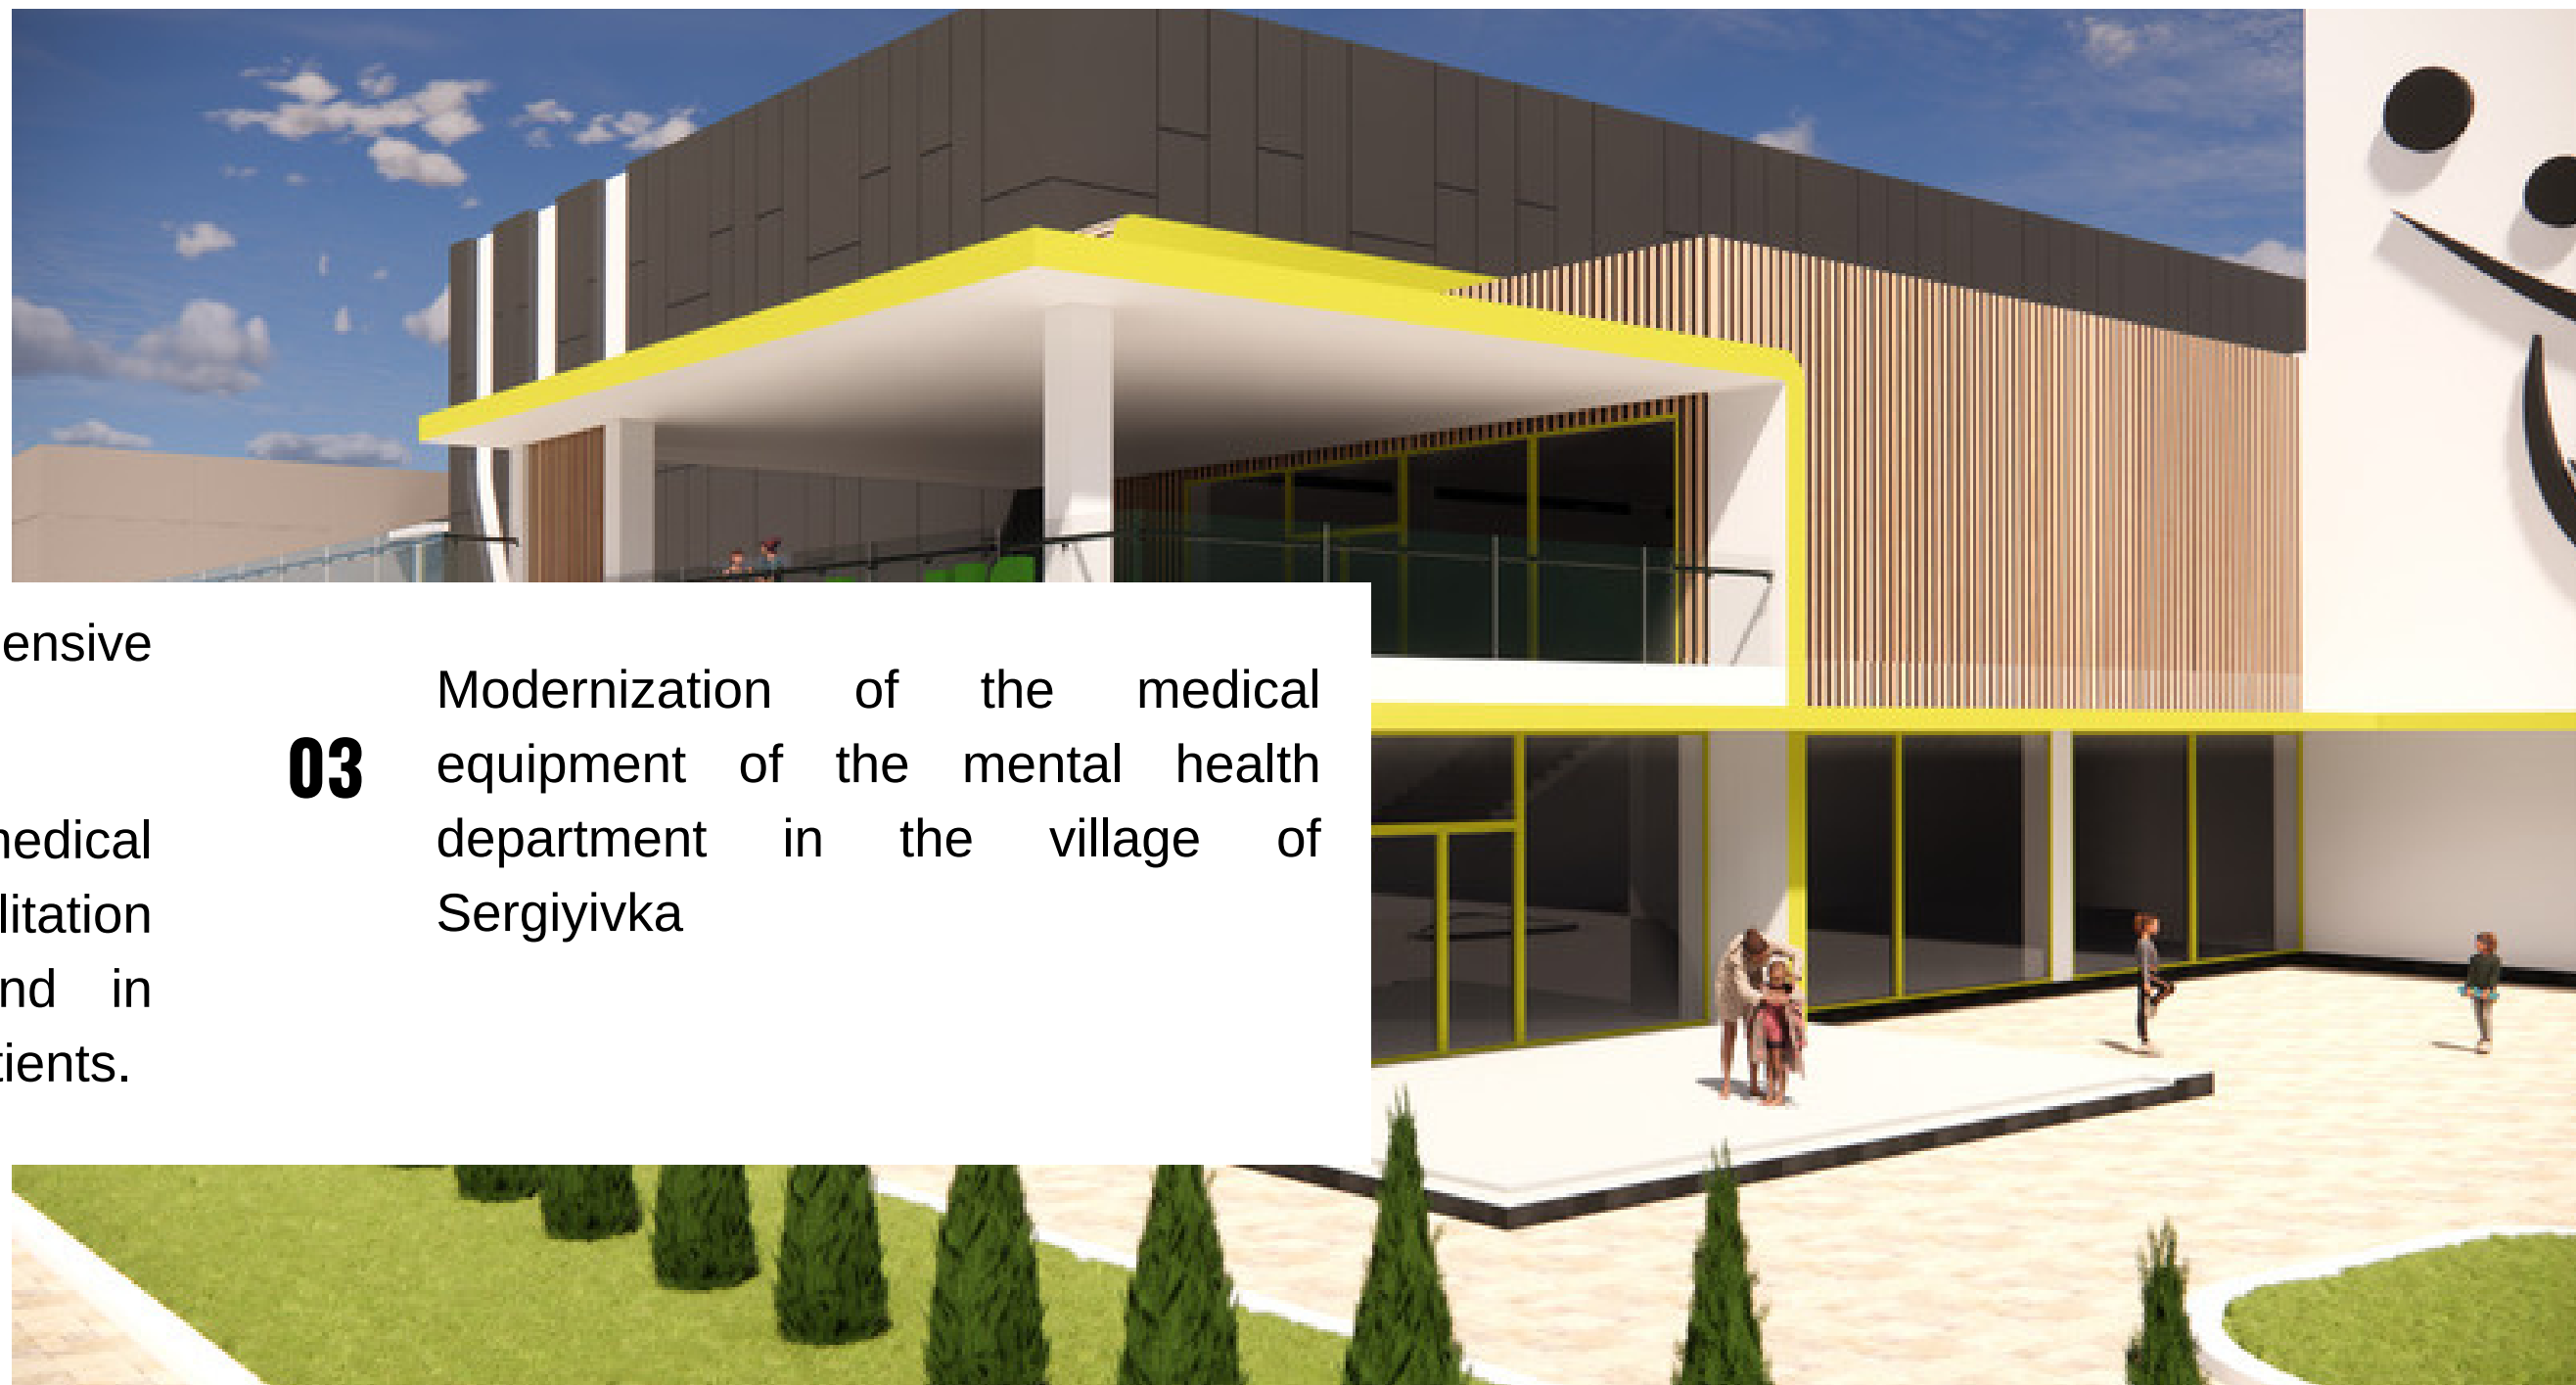

The center will create an environment open to everyone, and will promote the inclusion of persons with disabilities, creating conditions for equal access to rehabilitation services.

## TASKS OF THE PROJECT:

**01** To build an inclusive comprehensive rehabilitation center "Rebirth"

**02** Improving the qualifications of medical personnel to provide rehabilitation services at a high level and in accordance with the needs of patients.

**03** Modernization of the medical equipment of the mental health department in the village of Sergiyivka

# EXPECTED RESULTS

The overall implementation of the project will provide access to rehabilitation services for those in need, including individuals with disabilities, without the necessity to travel to other cities or regions.

**01**

Residents of the city and district are provided with timely rehabilitation assistance

**02**

The level of development of the medical industry of the city and district has increased.

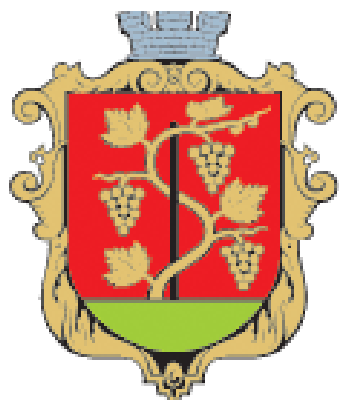

**03**

The level of qualification of medical personnel has been increased

**04**

Created the new jobs
