PROJECT CHARACTERISTICS

Comprehensive **rehabilitation**, national and international **competitions**, including the **Paralympic Games**.

Games sports: basketball, volleyball, soccer, handball, mini-football, boxing, taekwondo, artistic gymnastics, swimming etc.

Sports arena capacity - up to 500 seats.

Project cost: 6.5 million €.

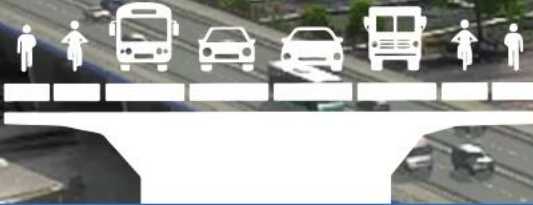

Available **design and estimate documentation**.

Formed land plot of 7 hectares.

Construction duration – up to 18 months.

Project implementation conditions:
PPP/ Public investments.

CONSTRUCTION OF A ROAD OVERPASS OVER THE RAILROAD TRACKS

PROJECT CHARACTERISTICS

Capacity - 300 cars per hour.

Length of the road - 1126 m.

Length of the bridge structure - 627 m.

Number of traffic lanes: 4.

Number of traffic interchanges: 4 on the same level, 1 on different levels.

Total area of the territory - 35.61 hectares.

Project cost: 63.97 million.

Available design and estimate documentation.

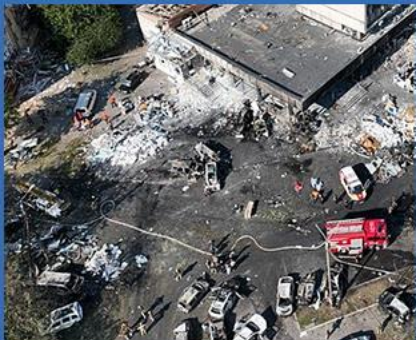

Project implementation conditions:
Public investment.

MP MOSTY JOINED THE
PROJECT DEVELOPMENT

CONSEQUENCES OF THE MISSILE ATTACK ON 14.07.2022

INFORMATION NOTE

Casualties - 29 killed, 219 wounded.

Damaged:

- educational institutions - 4;
- healthcare facilities - 3;
- cultural institutions - 2;
- a church - 1;
- housing stock - 128 buildings;
- historical monument of national importance - 1;
- architectural monuments of local significance - 3, including the **Officers House** cultural center;
- commercial real estate, including the **Yuvileinyi** household building.

VINNYTSIA MILE

PROJECT CHARACTERISTICS:

Length: 1,6 km (1 mile)
