NL non-military support

E.g. via the **Ukraine Humanitarian Fund** & the Dutch Relief Alliance.

Humanitarian aid

Two of our priorities are **humanitarian demining** and **MHPSS**.

Recovery and reconstruction

NL supports **multilateral** funds, like the Ukraine Relief Trust Fund (World Bank) en Emergency Special Response Fund (EBRD).

We also support **bilaterally** via e.g. in-kind deliveries to the UKR electricity grid; our Export Credit Facility and Ukraine Partnership Facility to support involvement of NL companies & NGO's in reconstruction.

Financial support

In 2022 & 2023 the EU provided more than EUR 20 mld. in loans to Ukraine (**macro-financial assistance+**). Now the EU is developing its **Ukraine Facility** (EUR 50 billion '24-'27).
