International Council of Nurses (ICN)
and The Jewish Federations of North America

Over 350,000 patients

(medical declarations) in the communities of these 8 regions

8 regions of Ukraine

E-Bike Project
Regions

5 km to 30 km

the distance to the aggressor border
or the line of active hostilities

-Bike

PROJECT

Thanks to e-bikes, doctors' travel time to reach patients has been reduced threefold

70% of the medical workers are women

Kramatorsk community

100,000+ medical declarations

Monthly, at least 19,000 people benefit from faster access to medical help

E-BIKE PROJECT

In 2025-2026, the foundation plans to expand the project to an additional 3-5 Ukrainian regions to provide both doctors and social workers with convenient transportation
