(as of 14.10.2025)

Construction of a Water Purification Station

BUDGET – 1.25 million €

Construction of A Water Purification Station

at water pump station No. 3 located at: Kyiv Region, Boiarka, 49 Sobornosti Street

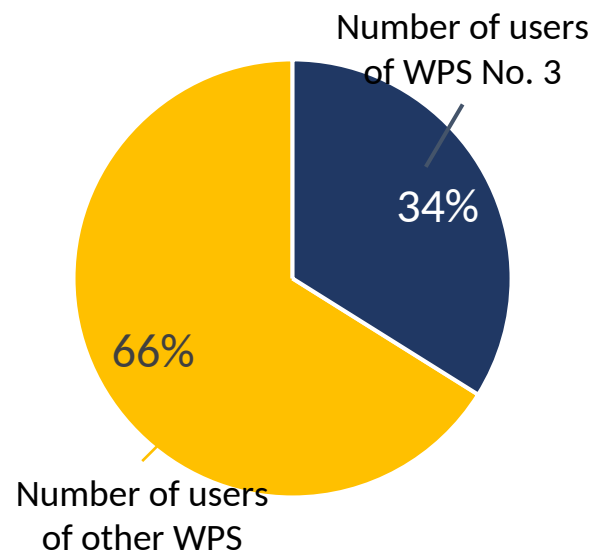

Domestic and drinking water supply for the population is provided from underground sources, the waters of which are contaminated with iron compounds. Therefore, preliminary purification is required before supplying the water to consumers.

Construction of A Water Purification Station

at water pump station No. 3 located at: Kyiv Region,
Boyarka, 49 Sobornosti Street

The construction of a modern water treatment facility at Water Pumping Station No. 3 is a strategically important investment that will significantly improve water quality, enhance public health, protect the environment, and strengthen the community's sustainable development.

Total number of users of WPS No. 3	18 000
Number of households	8092
Number of general secondary schools	4
Number of kindergartens	5
Number of medical institutions	1
Number of water supply disruptions (citywide)	313

CURRENTLY

THE GOAL

Boiarka City
Territorial Community

Reconstruction of the Zabirya Hospital with an Annex for Social Care Services

BUDGET – 1.4 million €

© Kurash A.

Reconstruction of the Zabirya District Hospital

building with an outpatient clinic and the extension of a premises for a department providing services to persons in need of external care (reconstruction), located at: Kyiv Region, Zabirya village, Boiarka Territorial Community, 12a Honcharenka Street

To provide high-quality medical and social services — especially for elderly people and persons with disabilities — the existing building does not meet modern accessibility and safety standards, lacks proper conditions for long-term or temporary patient care, and has no dual-purpose shelter equipped for emergency situations.

CURRENTLY

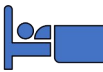

Reconstruction of the Zabirya District Hospital

building with an outpatient clinic and the extension of a premises for a department providing services to persons in need of external care (reconstruction), located at: Kyiv Region, Zabirya village, Boiarka Territorial Community, 12a Honcharenka Street
