UKRAINE KEEPS WORKING EVEN DURING THE WAR

ENERGY SAVING TECHNOLOGIES LLC
Projects. Equipment. Solutions.

Ukraine lives in war — and in reconstruction at the same time.

- Every day we repair, build, and commission equipment
- We work both in major cities and small communities
- This year we are implementing projects in Zaporizhzhia, Kharkiv, Sumy, Chernihiv, Okhtyrka, Trostianets and many others
- And this is only part of the work — many projects are outside the frontline areas

ZAPORIZHZHIA CITY

Water Pumping Stations

ENERGY SAVING TECHNOLOGIES LLC
Projects. Equipment. Solutions.

KHARKIV

Modernization of wastewater pumping stations

USAID
FROM THE AMERICAN PEOPLE

IOM
UN MIGRATION
