

USES AND SPECIFIC USE STANDARDS

Comprehensive Use Permissions

Use permissions. The use permissions in Table 1 Residential District Use Permissions and Table 2 Non-residential Use Permissions identify for each district the principal, accessory, and temporary uses that are allowed by right through issuance of a Certificate of Occupancy, or allowed through approval of a Special Exception, allowed as an accessory use, or allowed as a temporary use as indicated as follows:

A solid circle identifies a use that is allowed through the approval of a zoning permit pursuant to this Code within a district.

A half-filled circle identifies a use that is allowed through the approval of a Special Exception pursuant to this Code within a district.

A circled letter 'A' identifies a building, feature, or use that is allowed as accessory to a principal use through the approval of a Certificate of Occupancy pursuant to this Code within a district.

If blank, this indicates that a building, feature, or use is prohibited within a district.
