HEALTH & REHABILITATION
HELPING INJURED UKRAINIANS RECOVER FASTER

GOAL: TO INCREASE THE NUMBER OF PATIENTS WHO RECEIVE QUALITY TREATMENT AND REHABILITATION AFTER INJURIES FOR THEIR INTEGRATION INTO THE FAMILY AND SOCIETY.

TASK: TO BUILD A CORPS FOR THE REHABILITATION OF MILITARY PERSONNEL IN ADDITION TO THE EXISTING SURGICAL CORPS OF THE HOSPITAL.

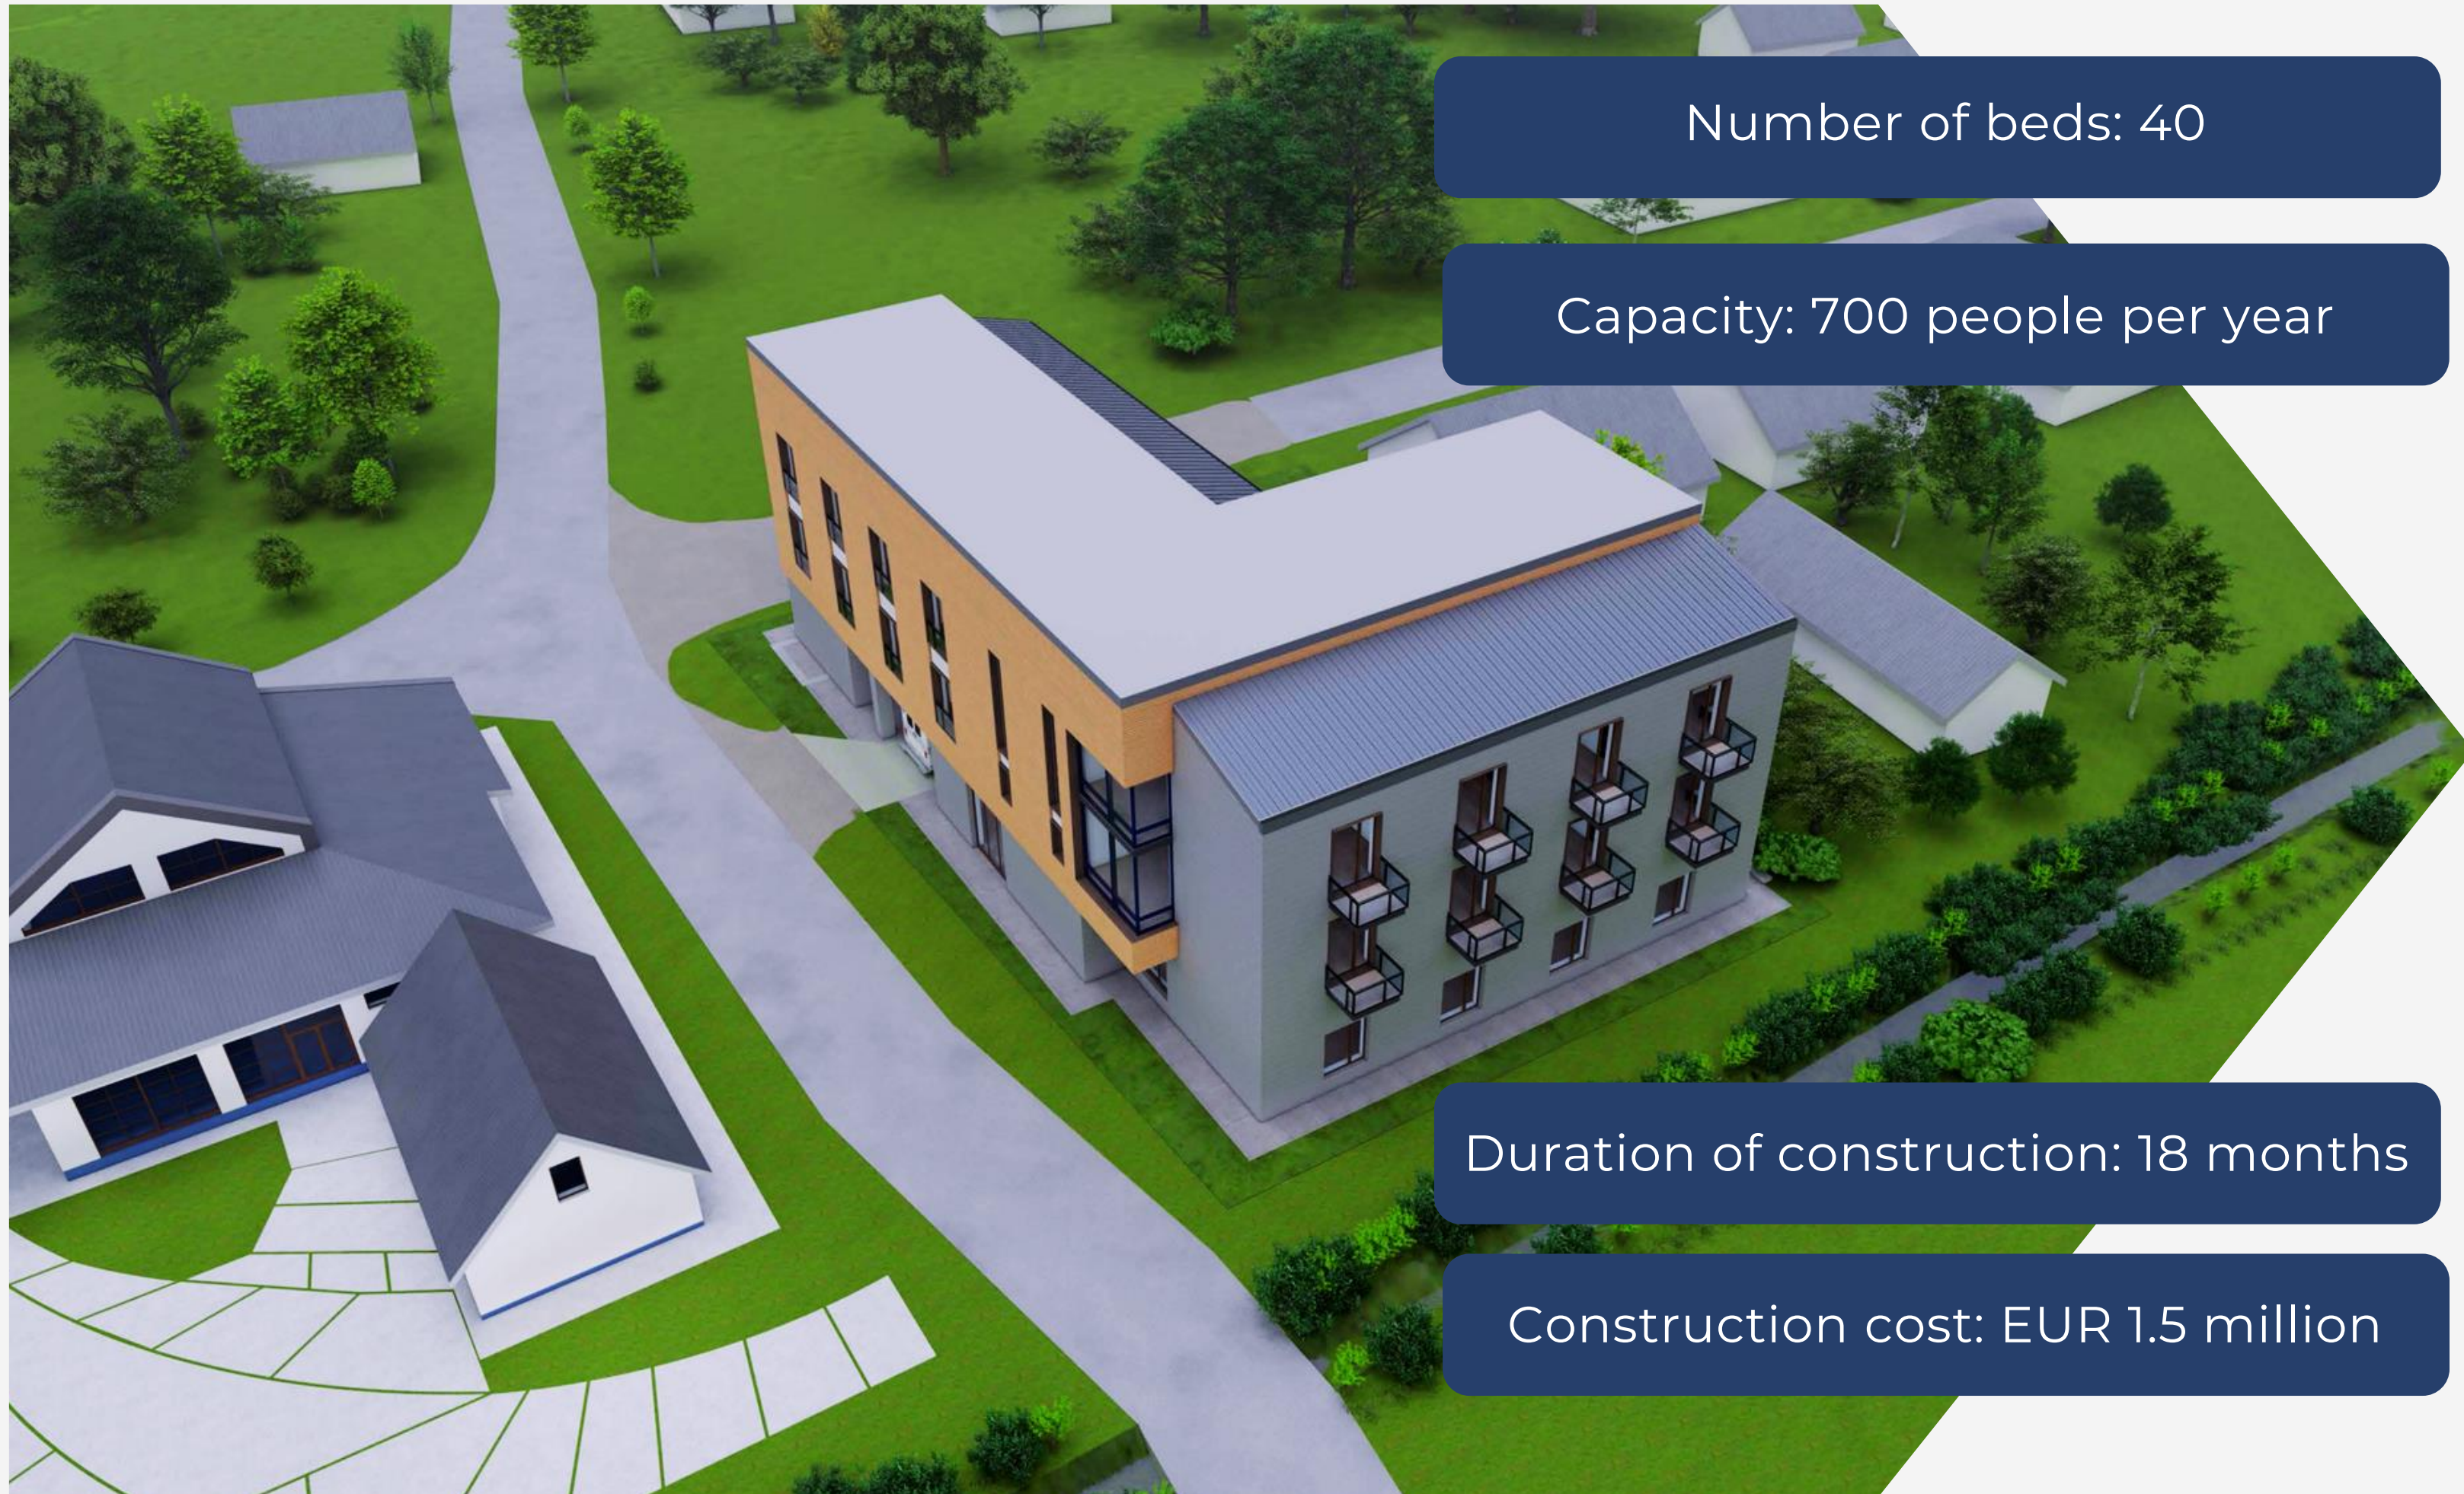

SOCIAL SIGNIFICANCE: THE NUMBER OF INJURED PEOPLE REQUIRING TREATMENT IS SO GREAT THAT THE HEALTH CARE SYSTEM IS OVERWHELMED. HAVING AN ADDITIONAL BUILDING OF THE HOSPITAL, WE CAN INCREASE THE THROUGHPUT FROM 20 PATIENTS PER MONTH TO 60 / 80 (WITH CONSTANT COSTS FOR THE OPERATION OF THE SURGICAL UNIT).

Number of beds: 40

Capacity: 700 people per year

Duration of construction: 18 months

Construction cost: EUR 1.5 million

MAINTENANCE COST FOR 1 YEAR: EUR 360,000
The sustainability of the project is ensured by a contract with the National Health Service of Ukraine. A year after the end of construction, we will be able to switch to state financing without a need in donor's funding.

First
Voluntary
Surgical
Hospital

EXPECTED RESULTS: THE NUMBER OF PATIENTS WE CURRENTLY TREAT PER YEAR IS 250. IN THE CASE OF AN ADDITIONAL BUILDING, THE PLANNED NUMBER IS FROM 700 TO 1,000, DEPENDING ON THE SPECIFIC DESIGN OF THE BUILDING AND THE BUDGET FOR ITS CONSTRUCTION.

The project will need financial support during the first year of operation, as during this time we plan to conclude a contract for state financing of treatment in us.

Currently, we cannot contract with the state due to the small size of the hospital (this is possible with more than 50 beds).

OTHER PROJECTS

The veterans family rehabilitation center (a building next to the surgical building for the accommodation of patient families and joint therapeutic classes and sessions).

Institutional support of the Veteran Space (a place for social integration activities and work with veterans' families).

The hospital additional rehabilitation corps (new) for increasing the number of beds from 14 to 75. Capacity: 1000 people per year.

YOUR PROJECT: We are open to very different ideas and proposals, we really love what we do and want to build partnerships to strengthen each other.

AT THIS EVENT, WE WANT:

- 1) to find like-minded people to exchange ideas and experiences of volunteer assistance to people;***
- 2) to meet people for whom it is also important to make the world a better place in order to make significant good changes together;***
- 3) to start a long-term partnership with people or organizations that share our values and goals.***

As we have been doing since our creation, we are ready to provide transparent reporting on the use of finances and reports on the results of our work.

***THANK YOU FOR
ATTENTION. SEE YOU
AT THE STAND.***
