MODERN REHABILITATION CENTER IN LOZOVA TERRITORIAL COMMUNITY

EXPECTED RESULTS

Renovated premises for the Rehabilitation Center

Created conditions for the fastest possible recovery of the war-affected population

Accelerated the process of rehabilitation of the victims

DIRECTIONS OF REHABILITATION ASSISTANCE OF THE CENTER

- ✓ Cardio-respiratory rehabilitation
- ✓ Musculoskeletal rehabilitation
- ✓ Neurological rehabilitation
- ✓ Rehabilitation for injuries
- ✓ Psychological rehabilitation

CENTER TEAM

participated in trainings conducted within the framework of the project "Strengthening the capacity to provide physical rehabilitation services in Ukraine" with the support of the International Organization for Migration, a member of the United Nations system

A multidisciplinary team has been created to rehabilitate the population

Specialists are constantly improving their skills

ARE CONFIDENT THAT TOGETHER WE WILL GO THE WAY TO RESTORE UKRAINE

The successful implementation of the project will allow the war victims to receive medical and psychological rehabilitation, adapt to a peaceful and safe life, which is very important for the health of society. The future of the patients and their lives will depend on how successful the rehabilitation will be!
