Building No. 3 / New Construction / - Area: 1543.7 m²/New Construction:

We have a desire to establish a powerful rehabilitation center right in the heart of Kremenchuk city, offering a comprehensive range of services for individuals with disabilities. We aim to provide a holistic approach to assistance, encompassing diagnosis, treatment, prosthetics, rehabilitation, psychological support, and the integration of patients into society. Our goal is to create a comfortable and supportive environment where every person can receive the necessary support and find their place in society.

THANK YOU FOR YOUR ATTENTION!
