

# REGIONAL REHABILITATION CENTRE DEVELOPMENT ON THE BASE OF MILITARY UNIT A7234 (Truskavets)

## HISTORY

According to the directive of the Commander-in-Chief of the Armed Forces of Ukraine dated February 24, 2022 No. 32/321/501/13t, the Truskavetskyi Medical Rehabilitation and Sanatorium Treatment Center was transformed into a rehabilitation hospital (military unit A7234). The history of the sanatorium begins in 1941. For more than 80 years, facility has successfully provided medical, rehabilitation and recreational assistance to a significant number of servicemen and their family members. Since the beginning of the full-scale invasion of the troops of the Russian Federation on the territory of Ukraine, the military unit provided medical and rehabilitation assistance to significant number of servicemen of Ukrainian Military Forces.

## LOCATION

It is located in the southwestern part of the Lviv region in the territory of the resort town of Truskavets with a population of 25,000 people, at the foot of the Carpathian Mountains, at a considerable distance from industrial and infrastructure facilities. The city is connected by road and rail with the regional centers of Lviv, Ivano-Frankivsk, Uzhgorod and the cities of Drohobych, Stryi, and Sambir.
