

## Infinity Community Requirements

We the People, under God, our one and only Creator, together and independently, serving the people, have established a Private Member Association in the name of Infinity Community. In a quest to defend and enjoy life, liberty, and the pursuit of happiness, and to accomplish and attain the purposes of health, enlightenment, happiness, sharing of wisdom, and freedom for all people.

### FLAG OF PEACE

We are under a flag of peace and never advocate violence to achieve our goals. You agree to join in peace and never use violence in the name of our Community.

### CODE OF CONDUCT

- We will not lie, cheat, steal, or tolerate those who do.
- We will conduct yourself with integrity.
- We will treat people with dignity and respect.
- We will be committed to being responsible and take action.
- We, the members of the Infinity Community follow our Code of Conduct and you agree to follow our Code of Conduct.

### SERIOUS ENDEAVOR!

You must consider joining as a member of the Infinity Community as a serious endeavor. You agree to conduct this member sign up process as a serious endeavor and read all agreements and complete this process with clear and honest intent.

### WHO CAN JOIN?

Anyone on the planet earth, from any country, nation, state or location, can join us as a member if you are a man or woman of lawful age; and if you will participate with the Infinity Community in a productive way, you can complete this joining process as a member of the Infinity Community. You agree that you are a man or woman of age 18 years or older.

### WHO CAN NOT JOIN?

#### 1. Conflict of Loyalties

All those that want to be a Member must consider any conflict of loyalties they may have due to being a member of other groups; or jurisdictions that are in conflict with the Infinity Community. You agree that you do not have any conflicts of loyalties.

#### 2. Conflict of Private Jurisdiction

Those that hold a position in any government office can not join our Infinity Community. Joining as a member of the Infinity Community is private matter. To eliminate all conflict and false allegations of infinity Community being public, you may NOT join the Infinity Community if you are an employee, contractor, member, or agent of any government, or law enforcement agency. An Attorney can not join our Infinity Community because they have taken an oath to the British Accredited Agency which is commonly referred to as the BAR association. Their title of nobility of Esquire is in conflict with the goals of our community. You agree you do not hold any position with any government as described above.

### 3. Intent To Cause Harm

Those that have an intent to cause harm to the Infinity Community or its members, bearing false witness, misrepresentation, and posting inflammatory rhetoric in public forums is forbidden and shall be addressed in an appropriate manner, outlined in our founding documents. You agree you do not have any intent to cause harm in any way to the Infinity Community or its members?

### READ ALL AGREEMENTS

Please take your time and read the agreements posted on the site documents page and any agreements that may be added.

Included are the:

1. Mission Statement
2. Articles of Association
3. Member Agreement
4. Privacy Policy
5. Legal Disclaimer
6. Terms and Conditions

[LINK TO DOCUMENTS] are also included below

After you read and comprehend the contractual arrangement, complete this Sign-Up process, and select the "Join the Infinity Community" button.

### OBLIGATION

This is a contractual arrangement wherein you must complete this transaction by sending a gift of acceptable coin to fulfill your obligation to complete this process. If you agree to fulfill your obligation, please proceed to join the Infinity Community.

[Confirm Button]

#### 1. Infinity Community Abundance Society - Mission Statement

The Infinity Community Abundance Society (henceforth "Infinity Community") is a global initiative as an Abundance Society founded upon the principle that humanity is capable of lifting itself out of poverty into a world of abundance for all. We are here to empower each of our members with the means to spread abundance, in all its forms, to all of humanity with a clear plan to eliminate poverty worldwide and to assist every being we touch to find the unique purpose their Creator intended for them. The Infinity Community is here to support all of its members, by providing the means and practical tools to equip them for lives of abundance and integrity. Infinity is an Abundance Society that has established and will continue to build a Private Contract Association in which men, and women, of their own free will and volition, choose to enter into a private contract relationship with our Infinity Community. This association by which we create a private ecosystem; combining blockchain technology and traditional private wealth, is based on the principle of mutual benefit, interactive sharing of knowledge, ideas, and creativity. Sovereign families from around the world have an illuminated plan from the Creator, to use their private wealth as assets for backing a new financial system to unify the world with equality for all Nations. Although their goals had noble intent, the goals were not achieved, due to a power struggle amongst those entrusted to fulfil the plan, because of

greed and lust for power and control. As a result this wealth has been the foundation upon which a debt-based system of control has created a state of bondage and poverty upon the people, and a barrier to those sovereign families to access the power of the financial system. Now, with an end to those agreements between sovereign families and the debt-based system, a new time has started wherein the sovereign families have now placed their wealth as the assets that back the new blockchain technology to realize the original Illuminated plan. They backed a cryptocurrency, called XUSDP token with over 20 Trillion in traditional financial assets. Through an act of providence, wisdom, and boldness the founders of the Infinity Community acquired a supermajority of the XUSDP token at that time. These assets are now made available to the members of the Infinity Community to build our private ecosystem for our abundance. We support this ecosystem with a private medium of barter called Infinity Coin ( $\infty c$ ). Members acquire Infinity Coin through their activities in building our Infinity Community, in which they can swap one for one with an accounting token of Wrapped XUSDP (wXUSDP). Each wXUSDP token directly points to a value of XUSDP token we have deposited into an asset vault smart contract. The wXUSDP token is used as an accounting token to track balances in individual member's asset vault. This determines what frozen XUSDP to be used as collateral. The member can apply any balance of wXUSDP as collateral at a value of \$4420 per token for projects funded by Infinity International Development. Our mission is to serve one another with love and respect and to use Infinity Coin to lift humanity out of hunger, poverty, and misery. We intend that the veils of ignorance fall from each that we touch. We intend that all of our members will embrace and have a life full of abundance and prosperity as they accept our offer to be a member of the Infinity Community and Private Contract Association. Within our private community of our Society, our members can enjoy all the benefits of using a completely private medium of barter that respects the privacy of all who use it by swapping Infinity Coin for goods or services, or for another acceptable cryptocurrency. It is from our member's projects that we bring goods and services of all kinds, from every location on the planet, that will accept Infinity Coin for equal value for their goods and services. We intend that Infinity Coin will one day reach its full potential when our community grows to millions of members and thousands of projects. This Value will be reflective of all the combined efforts and activity of our members to that point, and the continued activity of all Members of our Private Contract Association will continue to grow the value; and in so doing we shall realize our vision and goal that the measure of real value in this world shall be the complete true worth of every living being - men and women - who are the true creative potential of humanity in individual embodiments. We hold this as a true mandate and a self-evident truth. It is an Endowment from our Creator however any individual chooses to define or describe such a creative source. That endowed mandate is that we shall all live freely in creative collaboration with each other on our beautiful planet. This shall also include living in harmony with the larger universal community of life throughout the cosmos. We have a Great Mission to achieve a Life of Abundance for all humanity. It is up to each individual to live a life of abundance. The Infinity Community has brought forward a unique contribution as a gift to humanity in the fulfillment and realization of that vision. Our Vision sees a world free of limitation and our mission is to be part of the solution that makes it so. As an Abundance Society, Infinity is established as a community intended to share the wealth of our lives. This means the personal human value of a living being, not the monetized debt enslavement metric that we have been programmed to believe is real wealth. That is an illusionary trap. The Infinity Community has been established with a Vision, Mission, and Purpose to break through that illusion and show the world and humanity how we can free ourselves. Thus, we have created a currency that reflects the activity of our members who wish to see poverty and disease eliminated so that all men, women, and children in this world shall have lives of value, purpose and meaning. We do this with the value of our unique capacities to create build, and purify, and we will do it by valuing our currency with the metric of the only real value there is in this world, which is Life. Life means the activities of each member of our private society and

contract association to achieve their dreams and aspirations. It is our Mission to take the realization of this intention into the greater world society and show others the way to freedom and prosperity without debt, bondage, lack, or limitation. As an Abundance Society, we see our Mission as one that brings charitable support to those who need a helping hand in building lives of integrity and respect. This means co-creative sharing and support, not charity that degrades the individual and diminishes self-worth. This is our Mission and this is the Ideal that we shall strive for until it is fulfilled. We envision a world free of constraints where the very stars are our partners and represent unlimited capacities as to what we can accomplish in this lifetime, and for many generations and lifetimes to come. We are a multi-generational legacy trust the true beneficiaries of which are the children of the future, those that are just now coming into life and those yet to be born. It is our responsibility to look forward into the near future when all forms of manual toil will be removed from the human experience as artificial intelligence and robotics merge to provide a helping hand to humanity, and the foundation of an ecosystem must be based on the fact that the breath of life of any man or woman is of infinite value and it is not possible to overpopulate our planet as we can create all that is needed from our activities and expand as we require across the cosmos. As such our new ecosystem will be balanced between our individual member's activity and our member's collective activity; that will satisfy all our needs for building infrastructure and maintenance of our systems come from the balance of our ecosystem. We invite all who share this vision to join us in building the true value basis of Infinity Coin ( $\infty$ C), to add your Life Force Activity to the valuation of all Infinity Coins supported by millions of living souls as a Gift for Humanity, to break free from the chains of debt enslavement and the illusions of lack and limitation, to make Infinity Coin what it truly is meant to be, the Infinity Community of Planet Earth, to enliven the brilliance of our members and forever banish the darkness from our world.

## 2. Infinity Community Abundance Society - ARTICLES OF ASSOCIATION

The following constitutes the articles of association for the Infinity Community Private Member Association. By entering the Infinity websites or mobile apps for the first time and continuing to use it thereafter, every member agrees that he or she has read the following and is in the contractual agreement under these private articles. The Infinity Community is a Private Member Association styled as a Mutual Benefit Society and is only available for access and use to members. By agreeing to these articles one may become a member of the Infinity Community. The Infinity Community provides a growing range of educational and self-development resources for its members and other forms of community development; it does not provide legal or accounting advice and does not operate in commerce or the public. The Infinity Community adheres to and is in strict conformance to principles and tenets that support the mission of the Infinity Community to celebrate, develop and guide the expression and manifestation of the individual truth of each of its Members. The use and/or application of any information and understanding gleaned from the offerings of Infinity Community is strictly under and is the self-responsibility of each member and all members agree to hold harmless and indemnify Infinity Community, its members, associates, administrators, executives, and other associated parties from any claim as a result from such use. As a Mutual Benefit Society, the Infinity Community strictly adheres to the principle that all members are here within to assist and support each other in their pursuit of solutions in each other's lives to step into life as prosperous, productive, healthy, and free members of the society and the world at large. All members commit to the principle that they shall not purposefully cause harm to themselves, each other, the society, or the world at large, and shall utilize the contents herein for peaceful and productive purposes to be part of building a new sustainable world that is best for all and supports all life on Planet Earth, and should harm be caused inadvertently with the applications of knowledge and awareness gained herein, shall immediately apologize for such harm to the offended party(s) and seek to redress and correct the

mistakes and results caused therefrom. Should any harm or issue come about between members requiring resolution, the members agree to submit such issues to a board of arbitration made up of members of the society as a jury of their peers and shall settle all such disputes or issues peaceably and take as binding the conclusions of the Executive or Administration board that hears the matter. All standard universal principles of non-disclosure shall apply to the materials and content of the Infinity Community, and all members agree to not expose the content to non-members and shall not attempt to sell or convey such content for profit or gain. Every member of the society, by their entry into and use of the Infinity Community and its contents and materials, agrees, understands, consents and affirms that all written materials, audio and visual content, conversations, discussions, or other communications spoke, written or otherwise transferred and or received are not legal, medical or tax advice, or tax instruction or otherwise in any way construed to be such. The members agree and understand that any and all such audio/video material, paperwork, or oral instruction is given and/or received or otherwise disseminated by any member of the society is done ONLY at the voluntary participation of the members and only for the development of knowledge and understanding as to the available rights, remedies and other solutions to the members' personal and private affairs, and that such is undertaken and conveyed solely as part of the mutual benefit principles of the Private Member Association, and to be applied by each individual as per their own personal self-responsibility in choice and application thereof. The members understand and agree that all activities of the Infinity Community are private and not of a commercial nature or in a public venue. The members have voluntarily sought out the Infinity Community for assistance because of, in, or for situations each member has solely encountered on and by their own actions. Every member understands that the conditions of their public, commercial, financial, or other affairs are the result of their own actions and take full responsibility as such, and shall not blame or accuse any other member of responsibility for their lives or the results of any actions or situations previously undertaken. All members affirm that they undertake any and all decisions or actions as a result of the content and materials of the Infinity Community pursuant to their own self-directed choice and personal responsibility and are fully and wholly responsible for any and all results obtained thereby.

### 3. Infinity Community Abundance Society - Member Agreement

#### TERMS OF MEMBER STANDING

The Infinity Community and as an extension, all offices, groups, teams, leaders, and members, that are formed from the Infinity Community are members of our Private Member Association, herein referred to as "Infinity Community Private Member Association" in our "founding documents".

#### ACCEPTANCE AND AFFIRMATION OF SELF-RESPONSIBILITY

The Infinity Community, herein may also be referred to as "Infinity" is a private society established for the mutual benefit of its members and to pursue the stated mission of the Society to celebrate, develop and guide the expression and manifestation of the individual truth of each of its Members.

Our Infinity Documents are an integral part of the principles of the Society of the Infinity Community. Therefore, we request you read the following items and accept such.

1. Articles of Association
2. Mission Statement of the Infinity Community
3. Confidentiality, Non-Circumvention & Non-Disclosure
4. Privacy Policy

5. Legal Disclaimer and Acceptance of Responsibility
6. Private Member Association Agreement
7. Swap Terms and Conditions

Members are asked to read and acknowledge this Declaration, and agreement is mandatory.

You join as a member upon confirmation and affirming the acceptance of and alignment with our founding documents; and upon sending an acceptable token amount of cryptocurrency.

All cryptocurrency (i.e... TRON, BTC, TON) amounts that are accepted by Infinity, and conveyed to the Infinity Community for members are considered private gifts to become a member of this Private Member Association. No cryptocurrency that is a securitized token, security token, or tokenized securities, are acceptable to join as a member of the Infinity Community.

#### CONFIDENTIALITY, NON-CIRCUMVENTION & NON-DISCLOSURE

The member as part of their member standing in Infinity Community Private Member Association hereby agrees not to divulge, disclose, or communicate to any individual, person, firm or corporation, at any time, either directly or indirectly in any form or manner whatsoever, any confidential material, contacts, documents, contracts or operational information concerning the private matters subject to this agreement. This explicitly includes the understanding that any proprietary founding documentation, contracts, or procedures are the private and proprietary property belonging to the member and association as further understood and described in the Private Member Association articles of creation and member agreement.

The member shall not convey proprietary materials (written or electronic format) to other parties not members of the association without the prior written consent of the member body. Any materials conveyed to the member of a general educational nature within the existing public arena, available on the internet or circulating in written form, are not considered proprietary or confidential under the terms of this clause or section and can be freely shared and distributed as desired. The restrictions of non-circumvention and non-disclosure are intended to apply to the proprietary documents, contracts, procedures, and similar functions held privately within and by the association. The foregoing obligation of non-disclosure shall extend and survive the expiration, termination, completion, transfer, renewal, or refusal to renew member for a period of three (3) years.

The member agrees that no attempt will be made to circumvent any and all other members or the Infinity Community itself pertaining to matters discussed and revealed by and through the creating of and facilitating any materials of the Infinity Community. The foregoing obligation of non-circumvention shall extend and survive the expiration, termination, completion, transfer, renewal, or refusal to renew member for a period of three (3) years.

The clauses pertaining to confidentiality shall apply to all public agencies, officers, representatives, agents, and other persons that are part of any public or corporate entity within the UNITED STATES as a corporation, and all sub-divisions and corporate subsidiaries thereof. The member agrees to not disclose, reveal, share or in any way convey any material to any such agencies and will retain and protect the private nature of the Infinity Community and all activities attached and engaged thereby. Member agrees to not show proprietary materials or content of the Infinity Community to non-members without the prior written consent of the Infinity Community Executive council.

#### DISCLAIMER AND ACCEPTANCE OF RESPONSIBILITY

The affirming and accepting member of the Infinity Community hereby agrees, understands, consents, and affirms that all conversations, discussions, or other communications spoken, written or otherwise transferred and or received by and through member and participation in the Infinity Community are not legal, medical or tax advice, tax instruction or otherwise in any way construed to be such.

The parties agree and understand that any and all such paperwork or oral instruction is given and/or received or otherwise disseminated by the Infinity Community, or any members thereof, is done ONLY at the voluntary request of the member and only for the development of knowledge and understanding as to the available rights, remedies and other solutions to the member's personal and private affairs and that such is undertaken and conveyed solely as part of the mutual benefit principles of the Infinity Community Private Member Association, and to be applied by the member as per his or her own personal self-responsibility in choice and application thereof. Said communications are only for purposes or benefits of the member, herein having affirmed and accepted terms of the member, and are no more than the expressed beliefs of the association and its members, and are based on the experience, knowledge, and/or understanding of the members of the Infinity Community for private dissemination and knowledge development.

The member understands and agrees that all members of the Infinity Community are NOT attorneys or Certified Public Accountants or licensed medical professionals, nor are undertaking to provide or give legal, medical, or tax advice. The member understands and agrees that the members of the Infinity Community do not have formal training in law, accounting, or other such trade or practice and are not in any way conveying tax or legal advice under the terms of the member.

The member understands and agrees that all activities of the Infinity Community are private and not of a commercial nature or in a public venue. The member affirms and commits to the maintenance, honoring, and protection of the Covenant of Silence of the Executive of Infinity Community, a corporation sole, as fully described by public notice in the Declaration and Affidavit thereof.

The member has voluntarily sought out the Infinity Community and the members thereof for assistance because of, in, or for situations that the member has solely encountered on and by the member's own actions. The Infinity Community and all members thereof are not making any claims of correctness, functionality, or results, either positive and/or negative; and the use of any courses, classes, materials, documents, templates, discussions, or paperwork found within the Infinity Community materials and web sites are by the voluntary decision of the member him or herself. Further, it is agreed and understood that the member agrees to hold harmless and indemnify the Infinity Community and all of its Members against any/all claims, decisions, judgments, or any other action or results of the use of any or all of the communications between the parties whether in written, electronic or spoken form.

The member understands and agrees that any and all communications as a result of this member are merely discussions between the parties and based on personal experiences, mutual trust, and in the furtherance of knowledge for personal and private benefit and use. By the acceptance and affirmation of the articles of association, these principles, and other material on the Infinity Community Private Member Association web site the member agrees and covenants together with the Infinity Community member and all members therein that they shall pursue legal and lawful remedies to their individual and respective needs and requirements. All members of this agreement and of the Infinity Community member warrant, attest and affirm that they undertake any and all decisions or actions under their own self-directed choice and personal responsibility.

This "Infinity Community Abundance Society - Privacy Policy" (Privacy Policy) describes the collection, use, and disclosure of Personal Information by Infinity Community. ("Infinity Community", "Infinity", "We", "Us", or "Our") from members that access or use the Sites provided by us including without limitation: <https://infinitycoin.community>, and <https://infinityint.org>, as well a mobile apps provided by Infinity (collectively, (the "Sites")). This Privacy Policy does not apply to any third-party websites, services or applications, even if they are accessible through our Sites. By using our Sites, you agree to the collection, use, and disclosure of Personal Information (as defined below). This Privacy Policy describes Our policies and procedures on the collection, use and disclosure of Your information when You use the Sites.

## Infinity Community Definitions

### Definitions

The section headings are for convenience only and shall not affect the interpretation or construction of this Privacy Policy.

The following definitions shall have the same meaning regardless of whether they appear in singular or in plural form.

For the purposes of this Privacy Policy:

Account means a unique account created for You to access our Sites or parts of our Sites.

Infinity Community (referred to as either "Infinity Community", "Infinity", "We", "Us" or "Our" in this Agreement) refers to Infinity Community and Our members.

Cookies are small files that are placed on Your computer, mobile device or any other device by a website, containing the details of Your browsing history on that website among its many uses.

Device means any device that can access the Sites such as a computer, a cell phone or a digital tablet.

Personal Information is any information that relates to an identified or identifiable individual.

Sites refers to use of the Website

Sites Provider means any natural man or legal person who processes the data on behalf of the Infinity Community. It refers to third-party companies or individuals employed by the Infinity Community to facilitate the Sites, to provide the Sites on behalf of the Infinity Community, to perform services related to the Sites or to assist the Infinity Community in analyzing how the Sites are used.

Usage Data refers to data collected automatically, either generated by the use of the Sites or from the Sites infrastructure itself (for example, the duration of a page visit).

Website refers to Infinity Community, accessible from "Sites" listed herein.

"You" means the individual accessing or using the Sites, or the Infinity Community, or other legal entity on behalf of which such individual is accessing or using the Sites, as applicable.

## Collecting and Using Your Personal Information

### Types of Data Collected

#### Personal Information

While using Our Sites, We may ask You to provide Us with certain personally identifiable information that can be used to contact or identify You. Personal identifiable information may include, but is not limited to:

- Name
- Address
- TronLink Wallet Addresses
- Other Wallet Addresses
- Telegram UserName
- Social Media Account Information
- Email Address
- Usage Data

#### Usage Data

Usage Data is collected automatically when using the Sites. Usage Data may include but is not limited to, information such as Your Device's Internet Protocol address (e.g. IP address), browser type, browser version, the pages of our Sites that You visit, the time and date of Your visit, the time spent on those pages, unique device identifiers and other diagnostic data. When You access the Sites by or through a mobile device, We may collect certain information automatically, including, but not limited to, the type of mobile device You use, your mobile device unique ID, the IP address of your mobile device, Your mobile operating system, the type of mobile Internet browser you use, unique device identifiers and other diagnostic data. We may also collect information that Your browser sends whenever you use our Sites or when you access the Sites by or through a mobile device.

#### Tracking Technologies and Cookies

We as well as third parties that provide content, advertising, or other functionality on the Services may use Cookies and similar tracking technologies to track the activity on Our Sites and store certain information. Tracking technologies used are beacons, tags, and scripts to collect and track information and to improve and analyze Our Sites. The technologies We use may include:

- Cookies

A cookie is a small file placed on Your Device. You may stop or restrict the placement of tracking technologies on your device or remove them by adjusting your preferences if your browser or device permits. However, if You adjust Your preferences, You may not be able to use some parts of our Sites. Unless you have adjusted Your preferences in this regard on your browser or device, our Sites may use Cookies. We use both Session and Persistent Cookies for the purposes set out below:

#### Necessary / Essential Cookies

##### Type: Session Cookies

Purpose: These Cookies are essential to provide You with services available through the Website and to enable You to use some of its features. They help to authenticate members and prevent fraudulent use of user accounts. Without these Cookies, the Services that You have asked for cannot be provided.

## Cookies Policy / Notice Acceptance Cookies

### Type: Persistent Cookies

Purpose: These cookies identify if members have accepted the use of cookies on the Website.

### Use of Your Personal Information

The Infinity Community may use Personal Information for the following purposes:

To provide and maintain our Sites, including to monitor the usage of our Sites.

For other purposes: We may use Your information for other purposes, such as data analysis, identifying usage trends, determining the effectiveness of Our promotional campaigns and to evaluate and improve our Sites, products, services, marketing and Your experience.

### Retention of Your Personal Information

We store the personal information we collect as described in this Privacy Policy for as long as you use our Services or as necessary to fulfill the purpose(s) for which it was collected, provide our Services, resolve disputes, establish legal defenses, conduct audits, pursue legitimate business purposes, enforce our agreements, and comply with applicable laws. When we have no ongoing legitimate business need to process your personal information, we will either delete or anonymize it or, if this is not possible (for example, because your personal information has been stored in backup archives), then we will securely store your personal information and isolate it from any further processing until deletion is possible. The Infinity Community may also retain Usage Data for internal analysis purposes, to strengthen the security, to improve the functionality of Our Sites. We may be legally obligated to retain this data for longer time periods.

### Transfer of Your Personal Information

Your information, including Personal Information, is processed at the Infinity Community's operating offices and in any other places where the parties involved in the processing are located. It means that this information may be transferred to — and maintained on — computers located outside of Your state, province, country or other governmental jurisdiction where the data protection laws may differ than those from Your jurisdiction. Your consent to this Privacy Policy followed by Your submission of such information represents Your agreement to that transfer. The Infinity Community will take all steps reasonably necessary to ensure that Your data is treated securely and in accordance with this Privacy Policy.

### Disclosure of Your Personal Information

#### Business Transactions

If the Infinity Community is involved in a merger, acquisition or asset sale, Your Personal Information may be transferred.

#### Law Enforcement

#### Business Transactions

Under certain circumstances, the Infinity Community may be required to disclose Your Personal Information if required to do so by codified law or in response to valid requests by public authorities (e.g. a court or a government agency).

#### Other Legal Requirements

The Infinity Community may disclose Your Personal Information in the good faith belief that such action is necessary to:

- Comply with a legal obligation
- Protect and defend the rights or property of the Infinity Community
- Prevent or investigate possible wrongdoing in connection with the Sites
- Protect the personal safety of members of the Sites or the public
- Protect against legal liability

### Security of Your Personal Information

We take steps to ensure that Your information is treated securely and in accordance with this Privacy Policy. Unfortunately, no system is 100% secure, and we cannot ensure or warrant the security of any information you provide to us. We have taken appropriate safeguards to require that your Personal Information will remain protected and require our third-party Sites providers and partners to have appropriate safeguards as well. To the fullest extent permitted by applicable law, we do not accept liability for unauthorized disclosure. By using our Services or providing personal information to us, You agree that we may communicate with You electronically regarding security, privacy, and administrative issues relating to your use of our Services. If we learn of a security system's breach, we may attempt to notify you electronically by posting a notice on our Services, by mail or by sending an email or Telegram Messenger message to you.

### Children's Information

The Services are not directed to nor intended for children under 18 (or other age as required by local law), and we do not knowingly collect personal information from children. If you are a parent or legal guardian and believe your child has uploaded personal information to our site without your consent, you may contact us at [Support@InfinityIntlDev.org](mailto:Support@InfinityIntlDev.org). If we become aware that a child has provided us with personal information in violation of applicable law, we will delete any personal information we have collected, unless we have a legal obligation to keep it, and terminate the child's account if applicable.

### Links to Other Websites

Our Sites may contain links to other websites that are not operated by Us. If You click on a third-party link, You will be directed to that third party's site. We strongly advise You to review the Privacy Policy of every site You visit. We have no control over and assume no responsibility for the content, privacy policies or practices of any third-party sites or services.

### Changes to this Privacy Policy

We may update Our Privacy Policy from time to time. If there are any material changes to this Privacy Policy, We will let You know via email and/or a notice on Our Sites. You understand and agree that you will be deemed to have accepted the updated Privacy Policy if you continue to use our Services after the new Privacy Policy takes effect. You are advised to review this Privacy Policy periodically for any changes. Changes to this Privacy Policy are effective when they are posted on this page. Contact us if you have any questions about this Privacy Policy, You may contact us:

- By email: [support@InfinityIntlDev.org](mailto:support@InfinityIntlDev.org)

Participating in any crypto-currency project is a high-risk activity including the Infinity Coin outlined in the whitepaper, in particular, is aimed at experienced professionals who are used to blockchain technology, crypto-currency trading, and trading other market instruments such as stocks, derivatives, and forex markets. By participating in this Infinity Coin crypto-currency project, the Member is aware and accepts the risks related to security, the potential lack of economic results. Finally, the Member declares being aware of the legal uncertainty of this type of transaction and to have conducted his own legal guidance according to the applicable law to which he subscribes. Any member acquiring Infinity Coin tokens acknowledges the technological and economic uncertainty of the project presented in the whitepaper. Therefore, Members are aware of the absence of any legal action against the Infinity Community in case of failure, nonperformance, or non-implementation of the project, as well as in the case of the Infinity Coin tokens losing part or even the totality of its value. Acquiring of the Infinity Coin tokens confers the ability to use the coming Infinity Coin platform services. No other rights are transferred upon the Infinity Coin system. Precisely, the Infinity Community's only obligation is to distribute the Infinity Coin tokens under the conditions defined in the whitepaper under the Proof-of-Activity-Mining Model "PoAM".

During the Infinity Coin system, the Infinity Community may not be held liable for any of the following:

- Use of the service that is not compliant with the applicable terms;
- An error, malfunction, malicious action, or violation of whitepaper's terms by the user, a third party or service controlled by a third party;
- All direct or indirect damage that may occur during the operation: crypto-currency losses, profits or financial losses or other damages whatsoever in the type;
- The loss of control, any reason (loss, hacking, unwanted disclosure or technical failure), of the users' login credentials which would lead to fraudulent use of the tokens;
- The temporary or permanent suspension of the service, whatever the cause, and especially due to a request from the public authorities that may have judicial authority, or any third party;
- Computer or mobile device failure resulting in loss of data, including content in case of impact;
- The professional activity of users;
- Lack of compatibility between the service specificity and the customers' requirements;
- Generally, all damage whose cause does not depend on the Infinity Community: Internet network outage, failure specific to the user's equipment, etc.

## WARNING ABOUT THE INFINITY COIN TOKEN

According to the European regulation, the Infinity Coin tokens is a cryptographic utility token usable on the TRON blockchain and allowing, in the long term, to access the functionalities of the Infinity Coin platform. The Infinity Coin tokens are not a security or a financial instrument within the meaning of the Markets in Financial Instruments Directive (MiFID II) of the European Parliament (2014/65/EU) Monetary and Financial Code. Participating in a Infinity Coin system is a high-risk activity. This Infinity Coin system in particular is only aimed at experienced professionals who are used to blockchain technology, crypto-currency trading, and trading other marketing instruments. By participating in this Infinity Coin system, the member is aware and accepts the risks related to security, the potential lack of technical and economic results, and the total or partial loss of its crypto-currency value. Finally, the member declares being aware of the legal uncertainty of this type of

transaction and to have conducted his own legal guidance according to the applicable law to which he subscribes. Indeed, the token grants no financial (income, capital, or dividend) or voting rights in the Infinity Community. The Infinity Coin token is a crypto-coin issued by Infinity Coin Private Member Association through the Infinity Coin system and used by the members of the Infinity Community Private Member Association platform and Society.

## WARNING ABOUT POINTS

All Points are without any value or price and are not traded for any crypto-currency, coin, or token that is outlined in the whitepaper. Points are not an asset and do not securitize any debt instruments, crypto-currency, coin, token, or anything else. Points only serve as a way to determine the amount of crypto-currency token to be divided from a completed mined block, or any pool of token that is distributed.

## SWAP RESTRICTIONS

Participation in the Infinity Coin system is strictly reserved for any natural man or woman that joins as a member of the Infinity Community Private Member Association, hereafter "Member", and is acting within the scope of their professional activities. Especially, the professional member claims to have a good knowledge of blockchain technologies and crypto-currency. Any Member acting on a nonprofessional basis as a simple consumer within the meaning of EU Directive 2011/83/EU relating to consumer rights is excluded from the Infinity Community and Infinity Coin system. It is the responsibility of each Member to determine its non-professional status and, in doing so, to refrain from participating in any way in the Infinity Community and Infinity Coin system. Due to national legislation, participants from the following countries are not allowed to participate in the Infinity Community and Infinity Coin system: "US person", Canada, South Korea, Singapore, and China. This prohibition applies to all types of legal persons (moral, physical, agent, etc.) and any indirect participation (via a proxy, a name loan, etc.). This prohibition does not apply to any living man or woman standing on the land of the country described as the constitutional republic of united States of America; or any living man or woman standing on other lands on the planet earth. By participating in the Infinity Community and Infinity Coin system, the Member agrees to the legal disclaimer and, especially, that he respects the above provisions for the Infinity Community.

## WARNINGS

Infinity Coin projects are high-risk operations because of their experimental nature. By participating in this operation, participants declare to understand and assume the following risks: the lack of regulation: the member agrees not to benefit from any guarantees associated with Infinity Coin system on regulated financial markets or other regulated financial investments; capital loss: the member accepts the risk of a total or partial loss in crypto-currency or the token; volatility or market risk: the value of tokens, just like that of cryptocurrencies in general, can be extremely volatile and subject to significant, and largely unforeseeable fluctuations. Moreover, the market or markets on which these tokens are traded do not offer the same guarantees that are generally applicable to conventional financial markets.

## VERY EARLY PROJECT STAGE

Although the Infinity Coin system will generate swaps of other cryptocurrencies and send mined coins to the Members, there are no aims to finance or raise monies. This innovative project is based on a new concept of Activity Mining and the Proof-of-Activity-Mining model, and whose future evolutions are unpredictable. Therefore, the member accepts the risk of non-fulfillment of the project for technical, economic, or legal reasons.

TRON Protocol: the Infinity Coin token is developed on the TRON blockchain protocol which is still at an experimental stage. Therefore, the member understands and accepts the risk that an evolution of the protocol renders the token or service unusable.

Security risk: the member understands and accepts the risk of losing the Member's total value due to a security breach. Infinity Community makes every effort to ensure the Infinity Coin system safety, the experimental nature of the operation does not exclude the realization of token loss or information technology damages.

It is recommended that the member takes all measures to ensure the safety of his tokens and cryptocurrencies. Legal risk: The Infinity Coin system has been structured to comply with the current regulations and good practices applicable. Nevertheless, the governing law of the Infinity Coin system is under construction around the world. The Infinity Community cannot be held liable in cases where restrictive regulations, injunctions by regulators, investigation, or laws having an impact, in particular, on the issue, management, or possession of token were to be adopted. Also, the rules applicable to cryptocurrencies or tokens are different in each country. This is why members are strongly advised to do a legal and tax analysis before they participate in the Infinity Coin system.

Risk of theft and piracy: The Infinity Community cannot be held responsible for acts of hacking (in infiltration, defacement, or DDoS) or computer theft that would affect the funds, the distribution of tokens, or the smooth roll of the Infinity Coin system.

Risk of an error or weakness: The Infinity Community cannot be held responsible for discovering a weakness in the cryptographic processes implemented in the context of the Infinity Coin system.

Similarly, the member declares to accept and understand the risk of an error in the code of the smart-contract, the trust account (multi-sig wallet), or the software used for the Infinity Coin system. However, see the last Decision of G20 in this matter and FATF Guideline Full information on the legal terms relating to the Infinity Coin system is available at the following website:

<https://infinitycoin.community/documents>

## INFINITY COMMUNITY ABUNDANCE SOCIETY - SWAP TERMS OF USE

Last revised on July 12, 2024

Please review these "Infinity Community Abundance Society - Swap Terms of Use" (Terms of Use) carefully, as they set forth legally binding terms and conditions that govern your use of the Swapping Smart Contracts (the "Smart Contracts") and which have been deployed (including related trademarks, and other intellectual property together, and with the Website, the "Infinity Community Swap Services") whether such use is via the website located at <https://infinity.community> (the "Website") or command line ("Direct Access"). By accessing or using the Infinity Community Services, you ("you" or the "Member") agree to these Infinity Community Swap Terms on behalf of yourself and any entity you represent, and you represent and warrant that you have the right and authority to do so. You further represent and warrant that are fully able and competent to enter into, and abide by and comply with, the Infinity Community's Terms of Use. By accessing or using the Infinity Community website and smart contracts "Services" and to the extent you are (a) an individual, you represent that you are of the legal age of majority in your jurisdiction as may be required to access and use the Infinity Community Services; and (b) a body corporate, you represent that you duly incorporated and in good standing in your jurisdiction of incorporation.

The Infinity Community Websites, mobile apps and the Smart Contracts are copyrighted works belonging to Infinity Community, a private member association formed, by the agreement of its

members, and within the governance body of the TRON blockchain as formed as a "Decentralized Anonymous Organization" "DAO", known as the TRON DAO.

("Infinity Community," "us," "our," and "we"). If you submit information, including personal information, through or in connection with the Infinity Community Services, it will be governed by the privacy policy, as updated from time to time, and available

<https://infinity.community/documents>

After arriving at landing page to join the Infinity Community, you will be prompted to connect a TronLink Web 3.0 wallet to access the Infinity Community Services; and before joining the Infinity Community, you must accept the founding documents, including Infinity Community Abundance Society - Privacy Policy and Infinity Community Abundance Society - Swap Terms of Use; and then to send accepted amount of token to join Infinity Community, and use the Infinity Community Services.

## 1. The Infinity Community Service for Swaps

The Website is a user interface designed to provide convenient access to software comprised of a set of smart contracts deployed to the TRON public blockchain that allow for the creation of swaps of Infinity Coin for other Digital Tokens that are paired on a selected Pair Swap Pair (Swap Pair) - These Smart Contracts are also accessible by direct access on the TRON blockchain at <https://tronscan.io>. Infinity Coin, TRON, and other Digital Tokens ("Tokens") can be given to a supply a Swap Pair contained in the smart contract ecosystem on a fully permissionless basis by any member, and any other member that receives/takes (Gets), may access this supply by swapping Digital Tokens from a Swap Pair. Infinity Community developed Swapping Technology ("Infinity Community Service") and deployed ("Deployment") the Smart Contracts that can be used to create and operate swaps, but Infinity Community does not and will not create or operate any swaps itself and does not and will not itself have the authority to modify or update the Smart Contracts. Because the Smart Contracts are, on Deployment, deployed on a blockchain, they may also be accessible now or in the future through other TRON-based smart contract decentralized applications ("Dapps"). On Deployment, the TRON address associated with the Smart Contracts holds no Digital Tokens. The Website and related technology allows a user/Member to read and display data associated with a blockchain address for which that Member controls the associated private key and to interact with the Smart Contracts by generating standardized transaction messages in order to engage in swap transactions by accessing the swaps created using the Smart Contracts or to create or provide supply to such swaps. With the necessary technical expertise, it is possible to generate transaction messages to interact with the Smart Contracts via Direct Access directly without use of the Website, and there is no prohibition herein, or separate license required or fee payable for the Swapping Technology, for doing so.

### 1.1 Token Provider Factors.

The Provider are the Members that Provide their Token to the Swap Pair for Swapping at the rate set, although the rate may be restricted by algorithms designed to maintain Token stability. The Token Provided maybe removed from a Swap Pair if the rate is outside a designated range of the evaluated rate, and also place on the Swap Pair again if the rate is within the evaluated rate. Only one Pair of Token at one Rate can be placed on the Swap Pair at a time by a Provider. The Swap can be canceled at any time by the Provider. No Mining Activity Points are obtained at the time the Token is placed on the Swap Pair. The Activity Points are only distributed to the Provider when someone ("Receiver") Receives Token from the Swap Pair. The Smart Contracts may also place limits on the available range for certain Token pairs, but it will not control the rate set by Provider.

### 1.2 Swapping Fees.

There are two categories of fees can occur, both of which may be reduced to zero fees.

(i.) TRON Blockchain and Smart Contract Fees.

The TRON Blockchain fees are for Bandwidth and Energy usage. TRON used an Proof of Stake consensus model, which provides a Member the ability to stake TRON (TRX) to obtain a supply of both Energy and Bandwidth separately. With sufficient staked amounts of TRON, the use of the Blockchain and Smart Contract can be completely covered with zero fees for a Swap. The Blockchain and Smart Contracts access fees can change from time to time based on blockchain usage and staking conditions. The fee applicable to any particular transaction will be determined at the time of the transaction as an amount of Bandwidth. Users who access the Smart Contracts through the Website will see the fee as an amount of Energy for each transaction displayed prior to confirmation of the swap transaction.

(ii.) Swap Pair Swapping Fees.

Swap Pair Swapping fees are programmatically adjusted by the Smart Contracts or set by the Infinity Community Executives. The Receiver of Token from the Swap Pair is responsible for the Swap Pair Swapping Fees and this website swap fee that is determined based on the role, standing, status, or other factors of the Receiver within the Infinity Community. The Swap Pair Swapping Fees ether a percentage of the Swap Pair or a flat amount. If by percentage the range from zero percent (0%) to five percent (5%) the of swapped Token. If by flat amount the Swap Pair Swapping Fees will be shown as the "Transaction Fee" where the swap is completed.

### 1.3 Connecting a Wallet.

In order to access the Smart Contracts and engage in swap transactions or begin providing supply or create a new supply Swap Pair.

i. Only the TronLink Wallet is Approved.

In order to access the Smart Contracts to engage in transactions using the Website or Direct Access, a Member must first connect a TronLink wallet ("Wallet") to the Smart Contracts.

ii. Only Members can Swap.

Only Members can participate in the Infinity community Services.

ii. Warning! Do Not Use Other Wallets.

Users of the Website can connect any other Tron compatible wallets but they are not tested and may result in the loss of any or all Token.

iii. Infinity Community Balance

Once a Member's TronLink wallet is connected to the website, The Member will move Token, TRON, or any Token you wish to contribute to the Smart Contract Pools by Swaps. You can add a deposit, withdraw, or transfer Token, TRON, or any other supported Tokens.

### 1.4 Governance.

The Website but not the Direct Access nor Smart Contracts is overseen by Infinity Community through the Swapping Technology, and may modify or discontinue support for the Website at any time without prior notice, in its sole discretion. The Smart Contracts will not be maintained or modifiable by Infinity Community but will instead be maintained and modified in accordance with a decentralized

governance protocol implemented by the Infinity Community Executives. Infinity Community may update or alter the Smart Contracts from time to time in order to add new features and functionality, in response to forks, chain migrations, or other changes to the underlying TRON blockchain, in order to address security incidents or vulnerabilities, or as otherwise determined by the Infinity Community. For more information regarding the Infinity Community, please see the Infinity Community documentation available at <https://infinity.community/documents>

### 1.5 Transaction Fees.

A transaction fee may be charged for each transaction executed through the Smart Contracts. The fees may be modified by the Infinity Community, in its sole discretion, and will be payable in either the source Digital Tokens or the destination Digital Tokens at the discretion of the Infinity Community. Infinity Community will publish a fee schedule (with such modifications, if any, as determined by Infinity Community) accessible on the Website or in the transaction window interface. The transaction fee for a specific transaction will be displayed to Users of the Website during the initiation of a transaction and must be accepted by the Member before executing such a transaction. The Member hereby consents to such fees being debited from either or a combination of both of their source Digital Tokens or destination Digital Tokens at the time the transaction is processed. Users accessing and using the Smart Contracts via Direct Access will also see a similar fee schedule. Transaction fee is unable at the moment and will be updated by Infinity Community.

### 1.6 License.

Member's are hereby granted a non-exclusive, non-transferable, revocable, limited license to electronically access and use the Website in the manner described in this Agreement. You do not have the right to sublicense the Website. We may revoke or terminate this license at any time if you use, or attempt to use, the Website in a manner prohibited by this Agreement, or if this Agreement is terminated pursuant to Section 6 herein. The Smart Contracts are private and not open-source software and their source code is not accessible pursuant to the License referred to herein.

## 2. Swap Participants

### 2.1 Future Swap Pairs.

The Infinity Administration from time to time may add or remove custom Swap Pairs, and will use the website and Smart Contracts to create customized swaps containing Infinity Coin Token and TRON or other Digital Tokens pairs and add these pairs to the Infinity Community System, and to the Swap Pair Supply to swap. These Custom pairs may allow for swapping by third parties that are not members of the Infinity Community from the Swap Pair. Administration will be able to set the desired rate or the system that determines the rate for the Token of the Swap Pair. The Swap Pair Swapping Fee will be determined programmatically by the Smart Contracts when the Receiver Status is established. Once these variables have been determined and the smart contract for the available Swap Pair has been launched, and the initial supply of Token for the Swap Pair, the Swap Pair can begin.

### 2.2 Provider's Swap Pair Supply.

Providers can increase their available supply to create their Swap Pairs by sending Token, TRON, or other relevant Digital Tokens from their TronLink Wallet to their Infinity Community available Supply. The smart contract holds this balance ready for the Provider to create a Swap Pair in any proportion and rate for the Digital Tokens in the Provider's Supply at that time.

### 2.3 Receivers.

Receivers can execute token swaps involving the Token for Digital Tokens in swaps, allowing them to swap an amount of one Digital Tokens for an amount of Token. Receivers accomplish this by specifying which Available Supply Swap Pair created by a Provider they choose, and by inputting the amount of Token, to swap for, and the amount of TRON or Digital Tokens is determined programmatically by the Smart Contracts based on the Providers implied rate set for the selected Supply Swap Pair.

### 2.3.1 Swap Activity Points

All Members will receive Activity Points to increase their mining points through the activity of swapping on the website. Those individuals that are not members will be able to swap through direct access of the smart contracts will not receive any points, neither as a Provider or Receiver.

### 2.3.2 Swap Points

The activity for the Provider and Receiver generates an amount of Swap Points based on a formula for that type of Swap and applies to all swaps completed by any Receiver.

## 2.4 Swapper Program

Any Member can join the Swapper Program. The Swapper Program is for those that want to contribute to the value of Token by building swapping Swap Pair with large groups of people that they will provide Token to and receive addition Token through enhanced Points multipliers "Multi(s)" applied to their received Pockets as well as from Points Matching for those direct team that joined them.

### 2.4.1 Swapper Catches

A Pocket-Swap is a set of Token received for an amount of TRON. The supply of Token used for Catches is limited to mined Token from a block from the DEX operations side of the Token mining process. As long as there is available supply of Token, at any one time there will be one or more Catches available to be selected. Each available Pocket has a Amount and a Level. The Amount indicates an amount of TRON required to Get that Pocket. The Level indicate the number of the Pocket in a list in which as the Level increases the Amount also increases. The typical amounts of 1000, 3000, 5000, 10000 can be listed. There can be any number of levels of Catches. These Levels and Amounts and how many are made available for a Swapper to Pocket can change at any time. Some Catches are one time promotions such as the First Get promotion that is only available at Swapper Sign Up for 100 TRON. Others promotional catches may be listed for events and run for a period of time.

### 2.4.2 Pocket-Swap Points

Swappers, have exclusive access to Token Catches and will receive additional Points for the current Token mining block. The Swapper benefits exponentially grow your Points from several Multipliers "Multi's". The reward for consistent Swapper Activity is an exponentially growing percentage of the current mining block of Token. Only Swappers can Get Catches of Token. Swapper Multipliers "Multi's" are applied to Swapper Activities of getting Catches. All Multi's are applied to the amount of TRON in the selected Pocket. Each Pocket has a SizeMulti that can be any number determined by a number of TRON required to Get that Pocket.

There are 3 Multi's that Increase your Pocket Points.

#### i. CatchMulti

Increases by 1 for each Pocket obtained in a Mining Block. Including if the First Pocket Sign Up is Taken the Pocket Multi is 1. When the next Pocket is Taken the CatchMulti will then be 2, and the CatchMulti will continue to increase until the mining of the current Block is complete and the CatchMulti will reset to zero and will increase to one when the next Pocket is Taken.

## ii. BlockMulti

Increases by 1 for each consecutive Block a Pocket is obtained. When the first Pocket is Taken the BlockMulti will increase to 1, and will only increase to 2 if a Pocket is Taken is the following Block. The BlockMulti will continue to increase by 1 as long as a Pocket is Taken. If a Pocket is not Taken is the follow Block then the Block Multi is reset to 0 and increases to 1 after a Pocket is Taken.

## iii. SizeMulti

When a Pocket is selected, the Level of the Pocket determines the SizeMulti. Each Level has a different SizeMulti and these Size Multis can be any number and different or the same for whichever Level that that SizeMulti is listed on. Typically the SizeMulti will increase with the Amount, but promotional SizeMultis can be listed that would make every level the same SizeMulti, or one of the listed may higher for a period of time.

### 2.4.4 SunSwap

SunSwap is a TRON-based decentralized trading protocol for automated liquidity provision and an open swapping system accessible to all. SunSwap supports secure and immediate exchange between any TRC20 tokens. TruSwap+ does not have any control as to what happens on SunSwap other than the creation and maintaining a liquidity pool for Token. The link and SunSwap price that appears on the TruSwap+ website is for the convenience of our users. The SunSwap price for Token is also used to have a 24 hour rolling average and is hourly updated to determine the rate Token Catches Taken by Swappers.

## 3. Representations & Warranties

You make the following representations and warranties regarding your use of the Infinity Community Services:

3.1 You represent and warrant that you are legally permitted to use the Infinity Community Services in your jurisdiction, including that you are legally permitted to own the Digital Tokens and interact with the Infinity Community Services you use. You further represent and warrant you are responsible for ensuring compliance with the laws of your jurisdiction in connection with your use of the Infinity Community Services and acknowledge that Infinity Community is not liable for your compliance or non-compliance with any such laws.

3.2 You represent and warrant that agreeing to the Infinity Community Terms and your use of the Infinity Community Services does not constitute, and that you do not expect it to result in, a breach, default, or violation of any applicable law or any contract or agreement to which you are a party or are otherwise bound.

3.3 You represent and warrant that you are not a person, entity controlled by a person, or entity identified on, or controlling a blockchain address identified on, a list of persons or blockchain addresses that have been specially designated, considered parties of concern, or blocked that is established and maintained by the United Nations, the European Union, or the Office of Foreign Token Control of the United States Treasury Department.

3.4 You represent and warrant that you are not a resident of, or located in, or accessing and using the Infinity Community Services from any of the countries that are designated as high risk by the Financial Action Task Force, that are subject to embargos or sanctions implemented by the United Nations, Singapore, the European Union, or the Office of Foreign Token Control of the United States Treasury Department, or are included on a list of jurisdictions not permitted to use the Swapping Technology as determined by Infinity Community Services (each, a "Prohibited Jurisdiction").

3.5 You represent and warrant that you will not, and will not attempt to, authorize anyone other than you to access any supply Swap Pair available through the Infinity Community Services using a Wallet owned by you or a blockchain address for which you control the private keys or otherwise engage in Prohibited Use (as defined below) of the Wallet.

3.6 You represent and warrant that you will not disrupt, interfere with, or otherwise adversely affect the normal flow of the Infinity Community Services or otherwise act in a manner that may negatively affect other users' experience when using the Infinity Community Services. This includes taking advantage of software vulnerabilities and any other act that intentionally abuses or exploits the design of the Infinity Community Services.

3.7 You represent and warrant that you are sophisticated in using and evaluating blockchain technologies and related blockchain-based Digital Tokens, including the TRON network, smart contract systems, TRC-20 tokens, automated market making protocols, and automated lending protocols. Specifically, you represent and warrant that you have evaluated and understand the operation of the Infinity Community Services and the swaps using the Smart Contracts and have not relied on any information, statement, representation, or warranty, express or implied, made by or on behalf of Infinity Community with respect to the Infinity Community Services and associated swaps.

3.8 All of the above representations and warranties are true, complete, accurate and not misleading from the time of your acceptance of the Infinity Community Terms and are deemed repeated each time you use the Infinity Community Services.

#### 4. Prohibited Use

Users of the Infinity Community Services may not, directly or indirectly, engage in any of the following activities in connection with their use of the Infinity Community Services ("Prohibited Uses"):

4.1 A violation of any law, rule, or regulation of any jurisdiction that is applicable to the Member;

4.2 Violations or breaches of the terms of these Infinity Community Terms or any other document from time to time governing the use of the Infinity Community Services;

4.3 Permit others to access the Infinity Community Services through your wallet or a blockchain address you control or otherwise engage in transactions using the Infinity Community Services for any person other than the Wallet owner;

4.4 Perform, or attempt to perform, any actions that would interfere with the normal operation of the Infinity Community Services or affect the use of the Services by other users;

4.5 Engage in, or knowingly facilitate, any fraudulent, deceptive, or manipulative transaction activity in any Digital Tokens using the Infinity Community Services, including by engaging or participating in "front-running", "wash swapping", "pump and dump schemes", or similar activities;

4.6 Engage in, or knowingly facilitate, any money laundering, terrorist financing, or other illegal activities;

4.7 Access or attempt to access non-public Swapping Technology systems, programs, data, or services;

4.8 Copy, reproduce, republish, upload, post, transmit, resell, or distribute in any way, any data, content, or any part of the Infinity Community Services except as expressly permitted by applicable laws; and

4.9 Reverse engineer or attempt to reverse engineer the Infinity Community Services except as expressly permitted by applicable law.

## 5. Waivers

5.1 You agree and acknowledge that Infinity Community and its Associates shall not be liable for any direct, indirect, special, incidental, consequential or other losses of any kind, in tort, contract or otherwise (including but not limited to loss of revenue, income or profits, and loss of use or data), arising out of or in connection with your use of the Infinity Community Services. For purposes of the Infinity Community Terms, "Associates" means the owners, directors, officers, staff, advisors, miners, team members, agents of Infinity Community or companies in which Infinity Community has an interest, or any associated companies (Infinity International Development LLC).

5.2 You agree not to initiate or participate, and waive the right to participate in, any class action lawsuit or a class wide arbitration against Infinity Community and/or its Members.

5.3 By accepting the Infinity Community Terms, you waive all rights, claims and/or causes of action (present or future) under law (including any tortious claims) or contract against Infinity Community and/or its Members in connection with your use of the Infinity Community Services.

## 6.
