

**Cargo Charters
OCC & Flight Support
GSA**

Estonian based aviation service company, established in 2018, with a wide experience background in cargo charters, operations & flight support, and general sales agent (GSA) solutions.

Why AVEM AERO?

We are trusted by:

2020: Launched our second IT software for tracking cargo flights, significantly reducing human error.

2022: Introduced a chatbot for weather and NOTAM analysis, further streamlining operations.

2018: Began with urgent cargo charters as GSA for several companies using SAAB340, ATR42-72, and AN26, and offered flight support.

2018: Developed and implemented our first IT software for flight calculations and quotes.

2021: Expanded services to include comprehensive Flight Planning and OCC support, managing over 50,000 flights.

2023: Launched new service that provide flight support for general aviation and business jets

Our services

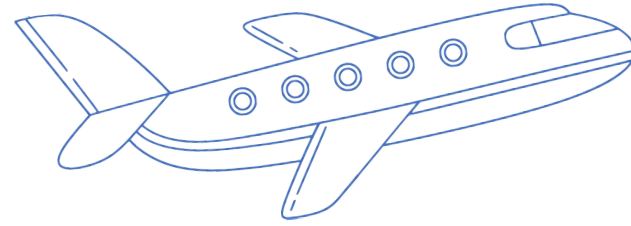

Cargo Charters

Reliable, swift, and efficient cargo solutions across EMEA

Key Features:
