ABOUT US

The foundation of our organization was formed back in 2014, when the first wave of displaced persons from Donetsk and Luhansk faced numerous challenges in an unfamiliar city.

Over time, we — mothers of children with disabilities and internally displaced women — organized ourselves into an **Initiative Group called "Club of Special Women."**

And **in July 2022**, we officially registered as **NGO "Litay."**

Our team

It is the unification of caring women, specialists from various fields, who came together for a good cause.

Mission of NGO "Litay":
We unite women into a community
where they are heard, accepted,
supported, and inspired.

OUR VALUES

Trust.

We build relationships based on mutual respect and transparency, creating a safe space where every woman can openly speak about her problems and needs.

Development.

We support the personal and professional growth of women by providing them with opportunities to learn, gain new skills, and expand their horizons.

Inspiration.

We strive to inspire women to believe in themselves and their abilities, helping them overcome life's challenges and achieve success.

We provide comprehensive assistance to women so that they feel they are not left alone with their difficulties and can always count on our support.
