SOLUTIONS FOR INCREASING WORK CONVENIENCE

Chemicals for convenient life and business
We have been producing for you since 1997.

NO FOG

STOP WATCHING THE WORLD THROUGH FOG

Познайомимось?

My name is Serhii Budyak!
I am the director of manufacturing company
LLC Scientifically-Technical Union
Since 1997, we have been producing professional chemical
products for various purposes in Ukraine.
We have our own research center and patents and
certificates for the developed solutions.

**We are pleased to introduce our new anti-fogging
product to your attention
ALANA NOFOG**

for use by professionals and ordinary users in everyday life
during

- ✓ Swimming
- ✓ Engaged in sports with glasses
- ✓ Professionals wearing protective masks, shields or anti-fog goggles when working

Advantages of the NOFOG solution against fogging from ALANA for the Customer

Lasting effect for up to 36 hours
Convenient 200ml or 50ml bottle
Economical spending
Has no smell, does not contain alcohol
Shelf life 36 months
3 in 1 – antifog, cleaning, antistatic effect

Advantages of the NOFOG solution against fogging from ALANA for the Partner

- High margin over 100%
- Can be used as a premium souvenir for partners
- Convenient packaging of 6, 12, 24, 48 bottles
- Always in stock - Ukrainian production
- High quality and safety - confirmed by tests
- A reliable partner - a manufacturer with 20+ years of experience!
- Shelf life 36 months

Advantages of the NOFOG solution against fogging from ALANA for the Partner

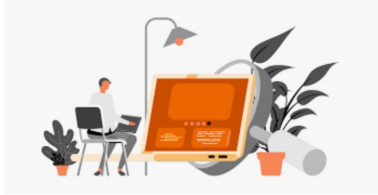

The possibility of ordering branding
Logo with text on main label
A completely individual label

Possibility of delivery of the product
without a label for further marking at
your production

Other sizes of bottles and packaging
as needed

Contact us, we will find a convenient
option for you

Benefits from cooperation with Us

- **Quality, Quality, Quality!**
