The KO4 pole-top bracket is designed for mounting floodlights and luminaires with a yoke or mounting base. When ordering, please specify the pole type to ensure compatibility verification and proper flange sizing. You can also specify the type and number of luminaires, allowing us to customize the mounting base with the appropriate hole pattern for your lighting fixtures. If the required bracket is not listed in the table, we can manufacture it according to your specifications.

Corrosion Protection Options:

- Anti-corrosion primer and 3-in-1 anti-corrosion enamel
- Cold galvanization and 3-in-1 anti-corrosion enamel
- Hot-dip galvanization
