YOUR INVESTMENT MATTERS

Key Sponsor

OVERVIEW

This webinar is designed to provide an overview of the current investment potential of the energy sector of Ukraine, taking into account its critical importance for the country and availability of commercially attractive projects. The event highlights exclusive investment opportunities for both foreign and domestic investors, to participate in Ukraine's reconstruction and achieve profitable results.

During the webinar, participants will receive the current overview of the energy sector, presentations of selected projects, as well as information on key support instruments, including subsidized financing programmes, state incentives, and insurance mechanisms against war and political risks. Investors already active in the energy sector, as well as those considering entry into the Ukrainian market, will find this event highly relevant for strategic planning and business development.

OBJECTIVES

01

AUDIENCE

This webinar is designed for institutional and private investors seeking to deploy private capital into Ukraine's energy reconstruction sector, which offers significant long-term growth and profit potential.

02

FOCUS

The session will provide the investor community with a clearer understanding of bankable energy projects currently available in Ukraine, including their structure, risk profile, mitigation mechanisms, and upside potential.

03

OUTCOMES

As a result, international investors will gain practical insight into the regulatory, operational, and financial nuances of doing business in Ukraine, supporting more informed and timely decisions to advance toward active investment.

SPEAKER

Ambassador Philip T. Reeker

Partner and Lead of the Europe and Eurasia Practice at DGA-Albright Stonebridge Group, a founding member of DGA Group, and is based in Washington, D.C. Before joining DGA-ASG, Ambassador Reeker served as Chargé d’Affaires at the U.S. Embassy in the United Kingdom and was the U.S. Assistant Secretary of State for Europe and Eurasia. Earlier he was the U.S. Ambassador to North Macedonia, Civilian Deputy and Policy Advisor to the Commander of U.S. European Command in Germany, U.S. Consul General in Milan, and Deputy Chief of Mission in Budapest.

MODERATOR

Sergiy Tsivkach

CEO of CAPITAL482. Senior investment and government relations executive with over 25 years of experience across private equity, public policy, and national investment promotion. Former Advisor to the Prime Minister of Ukraine, and CEO of UkraineInvest - Ukraine’s government investment promotion agency. Previously served as Managing Partner in Ukraine for a U.S.-based private equity firm, and currently serves as Senior Advisor at DGA-Albright Stonebridge Group and Adjunct Fellow at the Center for Strategic and International Studies.

SPEAKER

Maryna Khlystun

Executive Director at UkraineInvest, Ukraine’s government investment promotion office. Brings over 15 years of experience in the private sector and extensive expertise in state investment policy. Ms. Khlystun previously headed the Department for Investment Promotion and International Cooperation at the Ministry of Economy, Environment, and Agriculture of Ukraine. In this role, she was responsible for shaping investment policy, advancing cooperation with international partners, and overseeing the Pillar 2 Ukraine Facility program.

SPEAKER

Adam Balogh

Lead of the Ukraine Support Unit of the Energy Community Secretariat, seated in Vienna. Responsible for establishing and overseeing the in-kind support processes for the Ukrainian energy companies and cooperating with international and Ukrainian partners. A year ago, he was appointed as the Head of the USTF Unit, being responsible for the operation of the Ukraine Energy Support Fund (UESF). Prior to the above, he has been working on assessing the economic feasibility of cross-border energy infrastructure projects under the TEN-E framework, worked at the European Network of Transmission System Operators for Gas (ENTSO-G) in Brussels, and in private sector.

SPEAKER

Nadiia Petruchenko

Co-founder and Chief Business Officer of SPP Development Ukraine. Today, SPP Development Ukraine is a Ukrainian energy and infrastructure group advancing the development of renewable energy and battery storage projects. SPP Development Ukraine is an active member of the UN Global Compact Ukraine, and in 2024, Nadiia was elected to its Supervisory Board. Under her leadership, the company also joined the development of the ESG learning program initiated by the UN Global Compact and its member network.

SPEAKER

Serhiy Yermilov

Senior energy executive with over 40 years of experience in large-scale power generation, industrial energy infrastructure and strategic energy development in private and public sectors. He led the design and implementation of major nuclear and thermal generation assets, including 2 Units of Nuclear Power Plants, as well as a USD ~383 million combined-cycle power plant. He directed high-efficiency cogeneration and trigeneration programs, oversaw development of a large-scale biomass pellet production. Twice served as Minister of Energy of Ukraine, and chaired the National Agency of Ukraine on Ensuring Efficient Use of Energy Resources.
